Noblesville Masons’ Rebel Run to help kids

The REPORTER

This Saturday, Aug. 26, Noblesville Masonic Lodge 57 is helping local children with their eighth annual Lucky Teter Rebel Run car and vintage bike show at Forest Park, State Road 19, Noblesville. The event will benefit the Noblesville Masonic Angel Fund.

“This fund assists Noblesville children K through six whose family may need financial assistance with glasses, dental work, and other miscellaneous items,” Barry Dixon told The Reporter. “100 percent of our profit will go to this fund.”

Dixon has been involved in Noblesville Masonic Lodge car shows for 10 years and has seen all seven previous Lucky Teter Rebel Runs. Pre-1980s motorcycles will be allowed in the show.

This event historically draws over 150 vehicles and raises \$3,000, depending on weather. This year they want to see even larger numbers. The Masons are hoping for 200 cars and \$4,000 for their Angel Fund.

“This show is on the grass with lots of shade,” Dixon said. “The show is in honor of past Noblesville resident Earl ‘Lucky’ Teter. Teter and His Hell Drivers were nationally known daredevils from the 1930s and early 40s that performed an automotive

Encouraging family swim lessons, water safety at Carmel Clay Parks & Recreation

The REPORTER

In an effort to raise awareness for water safety and to encourage year-round swimming skill development, Carmel Clay Parks & Recreation (CCPR) has launched the “Circle of Water Safety” program. During this program, families are invited to prioritize consistent swim lessons, an important component of being comfortable and safe in and around the water.

Participants who enroll in swim lessons each month September through December will receive a reward for their efforts to further their progression. Participants who register for swim lessons in all four months will receive 50 percent off the registration fee of an additional swim les-

son in January or February.

“Swim lessons are most popular during the summer, but learning how to swim comfortably can take up to two full years,” said Leah Weprich, Aquatics Program Supervisor at CCPR. “We want families to take advantage of the fact that we offer swim lessons year-round, which gives new swimmers the opportunity to improve their swimming skills uninterrupted.”

CCPR offers swim lessons for all ages and ability levels at the Monon Community Center, ranging from parent-child classes for children as young as six months to adult lessons. The department also offers private lesson opportunities and adaptive

swim lessons for individuals with disabilities. All CCPR instructors are American Red Cross® Water Safety Instructor (WSI) Certified and classes follow the American Red Cross® swim lesson curriculum. In addition to basic swimming skills, WSI certified instructors are trained to teach water safety skills to help participants remain safe around all bodies of water and in all aquatic activities.

“Our goal is, and always will be, to make swimming a safer activity for as many people as we possibly can,” said Weprich.

For more information about the “Circle

Fishers shuts down Metronet construction

By LARRY LANNAN

www.LarryInFishers.com

Another natural gas line break in Fishers tied to internet service provider Metronet has caused the City of Fishers to issue a city-wide no dig order on Thursday on new Metronet installations until a safety investigation can be completed. The latest gas line break was this near Prairie Fox Drive and Mollenkopf Road.

Metronet, an Internet Service Provider, has been digging in the Fishers area and installing fiber optic cables underground. The firm had been ordered to stop digging in Fishers earlier this week following several gas line ruptures, but was allowed to dig again following a promise to use different methods and equipment.

In a news release, the City of Fishers listed action taken on the Metronet situation once notified of the Thursday morning gas line rupture:

- Fishers Fire Department was dispatched to secure the scene, conduct voluntary evacuations and mitigate the hazard.
- Fishers Departments of Engineering and Permitting were dispatched to the scene. All utility permits issued to Metronet have been placed on hold until further notice.
- City of Fishers held a call with leadership at the Indiana Utility Regulatory Commission (IURC) to voice the City’s complaints toward the safety of Metronet’s operations. The IURC Pipeline Safety Division has opened an investigation toward Metronet.
- Upon completion of the safety investigation, the City of Fishers and IURC will review the findings and will work with Vectren (gas utility) and Metronet to determine if Metronet will be allowed to proceed with future utility work.

Any Fishers residents suspecting a gas leak or line break should call 911.

Amigos de Westfield returns for third year

The REPORTER

Amigos de Westfield returns for its third annual celebration of authentic Latin American culture. The event will be held from 4 to 8 p.m. this Saturday, Aug. 26 at Asa Bales Park.

“Amigos de Westfield has really become something of a tradition here in Westfield,” Westfield Parks and Recreation Director Melody Jones said. “It’s a great way for the

community to come together, learn about authentic Latin American culture and really just have a great time!”

Participants can get a feel for authentic Latin culture with delicious food, lively music and festive dancing. Children can also enjoy themselves in the event’s fun Kids Zone.

Seven food vendors will be on hand, as will other community organizations such as the Westfield Washington Public Library and

Trinity Free Clinic.

The title sponsor for this year’s Amigos de Westfield is Academy Mortgage.

Amigos de Westfield began in 2015 as a partnership with 30 Westfield residents who had a passion to bring their Latin culture to Westfield.

Learn more about this year’s event by visiting www.westfieldwelcome.com/amigos-de-westfield.

Public meeting on Seminary Park improvements Aug. 29

The REPORTER

The City of Noblesville will host a public meeting to discuss improvements at Seminary Park from 5:30 to 6:30 p.m. Tuesday, Aug. 29 in Rooms A213/A214 of City Hall. Interested community members are invited to help shape the future of Seminary Park, located between 10th and 11th streets and Division and Hannibal streets.

The city’s parks and planning departments have worked together to take a fresh look at Seminary Park, its current usage and how to improve the park so that it becomes an even stronger asset moving forward. At the meeting, city staff will go over the research behind the proposed improvements, answer questions and take feedback on what residents would like to see.

“We are excited to share our plan with

the public, hear their thoughts and continue forward with the upgrading of Seminary Park. We believe the proposal will increase usage, safety, appearance and programming while honoring the site’s history,” said Noblesville Parks Director Brandon Bennett.

Potential improvements to Seminary Park that will be discussed include:

- Additional trees, benches and picnic tables to create more shaded seating.
- Further exploration and connectivity via a secondary path to wind through the park.
- More vibrant sights, sounds and smells by creating butterfly and sensory gardens.
- Adding lighting with vintage-looking Edison Bulbs to improve safety and illuminate the beauty of the park for activation in

the early evening hours.

- Historical signage and other ways to honor our past such as a wrought-iron fence and arched gateway that harkens back to the site of Second Ward School, which was built in 1852 and then reconstructed on-site in 1870 before it too was demolished in 1969.

- Improvements/upgrades to the gazebo.
- The addition of a dog station and bike racks, as well as an expanded playground.

After receiving feedback, staff will re-examine the plans then complete a formal budget estimate for design, construction and maintenance before bringing the final proposal to the Noblesville Common Council. Bids for construction are expected to be held this winter with construction starting in the spring of 2018.

NPA issues comments to Surface Transportation Board objecting to Nickel Plate railbanking

The REPORTER

The Noblesville Preservation Alliance (NPA) objects to the process and impact of railbanking the Nickel Plate Railroad. According to the NPA, it is working hard to save this essential part of our history. Recently it provided the following comments to the Surface Transportation Board as part of the petition made by the rail owners to abandon the rail and remove the tracks.

The Noblesville Preservation Alliance would like to provide the following comments relative to the recent petition submitted by the Owners for an exemption that would sever the Nickel Plate Rail and move the severed section into a rail banked arrangement with plans to replace the rail with a trail.

Our comments can be summarized in two key areas:

- Process undertaken by the Owners to avoid public input and
- Critical value the full rail line brings to Noblesville and greater Hamilton County.

We would emphasize the need for the Board to exercise its full authority and rights by law to require a full abandonment revocation by the Owners and not allow any partial or expedited revocation as requested by the Owners. We believe their petition intends to cherry pick regulations and stretch case law, favorable only to the Owners' objectives, while continuing to keep the public out of the process. A full proceeding will, at a minimum, create a venue for the community to provide input in a neutral setting, allow all avenues to maintain the full line to be properly explored and have those elements entered into the record as part of the final decision by the Board.

The Noblesville Preservation Alliance stands for the historic preservation of the community and carries out its mission through community engagement. As a function of our engagement we strive to work in partnership with local entities such as the City of Noblesville, Hamilton County and many other partner organizations. While we've experienced positive engagement working with the city and county on other initiatives we are saddened that the approach with the Nickel Plate Rail does not represent this same spirit of positive engagement. It is clear that the decision making process for the Nickel Plate has been heavily, and at times inappropriately, biased towards a trail only approach. In essence, the city is not listening to the many thousands of citizens, organizations and businesses that represent the great fabric of our city. We believe the most successful projects are those that strike a balance between community input, needs and common sense design. We would encourage and support the city to take an approach that aims to involve citizens and organizations such as the NPA early and throughout the decision making process.

The NPA deeply regrets the city's decision to select a North-only option for the Nickel Plate Rail that destroys so much of this irreplaceable and historically significant treasure. Much of our history has already been lost in this way and can never be recreated. Noblesville owes its unique character and charm to the preservation of its past successfully commingled with its present. Saving a fragment is certainly better than total loss, but such a decision should only be made when a fragment is all that can be salvaged. That was true of the Old Mill in Noblesville, but is not the case in this situation. Noblesville's historic courthouse is the jewel of Hamilton County. Would it be so majestic if all were destroyed with only the clock tower remaining? The Nickel Plate Rail's incredible value to the community will be forever lost if the line is permitted to be severed.

The Noblesville Preservation Alliance appreciates the Board's consideration in this matter and looks forward to providing further input as the process moves forward.

TODAY'S BIBLE VERSE

For Herod had laid hold on John, and bound him, and put him in prison for Herodias' sake, his brother Philip's wife.

Matthew 14:3

Gurmit Singh Heir

August 12, 1940 – August 19, 2017

Gurmit Singh Heir, 77, of Indianapolis, passed away on Saturday, August 19, 2017 at Community Heart & Vascular Hospital in Indianapolis. He was born on August 12, 1940 to Kehar Singh and Nasib Kaur in Paddi Jagir, a rural farming village in Punjab, India.

In 1957, Gurmit left India with his siblings and mother, joining his father in England. Gurmit forwent a formal education and began working in a foundry at the age of 16. In 1962, he married Naginder Kaur, whose family had also emigrated from Punjab. Gurmit, Naginder and their four children lived alongside Gurmit's extended family until their departure from England.

On May 28, 1977, Gurmit, Naginder and their children moved to the United States. The family's early years in Indianapolis were difficult, but Gurmit was able to build a better life for his family through hard work and determination, often working two jobs. He pursued his lifelong dream of having all of his children educated and continued working until his retirement in 2012 at the age of 72.

Despite being spread across three continents and four countries, Gurmit remained very close to his four brothers, two sisters and their families. His children settled in Indianapolis and Gurmit's greatest joy was spending time with his grandchildren and great-grandchildren. Gurmit was a lifelong observer of the Sikh faith and was an active member of the congregation at the Sikh Satsang of Indianapolis.

Gurmit's work ethic was a source of pride for his family and earned him the respect and admiration of his employers and coworkers. Gurmit and Naginder enjoyed gardening together and they grew a number of vegetables and fruits native to India. At their home in Indianapolis he planted an apple, cherry, peach, pear and plum tree symbolizing his love for his siblings many miles away. Gurmit thrived on the company of his family, lifting weights and exercising at his local YMCA and staying up to date on Indian news and politics. Gurmit's wit, foresight, welcoming demeanor and leadership through example will be dearly missed by his family.

Gurmit is survived by his wife, Naginder Kaur Heir; children, David Heir (wife Rajinder), Jackie Pinney (husband Dr. Neil Pinney), Penny Wiseman (husband Scott) and Roger Heir (wife Balbinder); siblings, Ajit Singh, Baldev Singh, Parkash Kaur, Ragbir Singh and Balbinder Kaur; twelve grandchildren; and three great-grandchildren. In addition to his parents, he was preceded in death by his brother, Amrik Singh.

Services will begin at 1 p.m. on Saturday, August 26, 2017 at Randall & Roberts Funeral Center, 1685 Westfield Road in Noblesville.

State Superintendent to visit Noblesville Schools

The REPORTER

Noblesville Schools will play host to Indiana State Superintendent of Public Instruction Dr. Jennifer McCormick as part of McCormick's series of statewide community meetings to discuss educational initiatives.

The meeting provides an opportunity for McCormick to address Indiana's educational approach in the areas of accountability and school improvement, long-term goals, partnerships and consultation, assessment, supporting educators and students, academics and school funding.

The event will be held from 5 to 6:30

p.m. on Sept. 19 at Noblesville East Middle School, 1625 Field Drive, Noblesville.

The meeting is open to the public and educators, parents and community members are invited to attend.

McCormick will be hosting nine outreach meetings through the state. For more information visit www.doe.in.gov/news/fall-2017-teacher-and-community-meetings.

Riverview Health to hold shoulder pain seminar

The REPORTER

Riverview Health will host a shoulder pain seminar from 6 to 7 p.m. on Wednesday, Sept. 13.

Dr. Norman Mindrebo, a board certified orthopedic surgeon, will share information on common shoulder issues and treatments including rotator cuff tears, shoulder arthritis, frozen shoulder and shoulder replacements.

The shoulder pain seminar will take place at the Renaissance Indianapolis North Hotel, 11925 N. Meridian St., Carmel. A light dinner will be served. The program is free, but registration is required. Register at riverview.org/classes or call (317) 776-7999.

About Riverview Health

Riverview Health is comprised of a full-service, 156-bed hospital and 25 primary, immediate and specialty care facilities located throughout Hamilton and Tipton counties. Together, we provide comprehensive healthcare services in 35 medical specialties and have frequently been recognized for our clinical and service excellence. For more information, visit riverview.org.

Fishers gets Smoothie King

The REPORTER

Christian Hamm, a teacher a Riverside Intermediate School, is opening up a Smoothie King in Fishers on Friday, Sept. 8.

Hamm frequented the Smoothie King in Fishers at 96th Street and ended up losing a significant amount of weight due to the healthy lifestyle he was im-

plementing. After having such a positive and life-changing experience at Smoothie King, he decided to open up his own store at 116th Street and Lantern Road in the Edge Building.

Christian's Smoothie King will also be sponsoring the annual Mudsock Game between rival high schools Fishers and Hamilton Southeastern on Sept. 8.

ADVERTISEMENT FOR BIDS FOR

2017 STREET REHABILITATION – CONTRACT III

Contract No.: EN-281-03

NOBLESVILLE, INDIANA

Sealed proposals will be received by the Board of Public Works and Safety, City of Noblesville, at the Office of the Clerk, 16 South 10th Street, Noblesville, Indiana, until 9:00 a.m. (local time) on **September 12, 2017** and then will be publicly opened and read aloud at 9:00 a.m. on **September 12, 2017**. Any bid(s) received later than 9:00 a.m. (local time) on **September 12, 2017** will be returned unopened.

DESCRIPTION OF WORK: Base bid work for which proposals are to be received is for the construction of approximately 460 square yards of ADA ramp replacement, 1100 linear feet of curb replacement, and 500 square yards of sidewalk replacement.

BID DOCUMENTS: Specifications and Contract Documents are available for examination on or after August 28, 2017 in the following office:

- City of Noblesville – Department of Engineering, 16 South 10th Street, Suite 155, Noblesville, Indiana;

Electronic copies of the Contract Documents and Plans may also be obtained on or after August 28, 2017 by sending an email to arodewald@noblesville.in.us and jhellmann@noblesville.in.us requesting instructions to download project documents. In the email request, state project name, company information with primary contract (address, phone, fax, and email).

Hard copies of the Specifications and Contract Documents may be obtained on or after August 28, 2017 at the City of Noblesville – Department of Engineering, Noblesville, Indiana, upon payment of \$25.00 per set. A set consists of single copies of Specifications and Contract Documents. This remittance is not refundable.

Bids shall be properly and completely executed on Bid Forms contained in the Contract Documents. Each Bid shall be accompanied by a completely filled out Form No. 96 (Revised 2013), and acceptable bid security. Any Bid not accompanied by the aforementioned required items shall be deemed to be a non-responsive Bid.

No Bidder may withdraw the proposal within a period of 60 days following the date set for the receiving of bids. The City reserves the right to retain any and all bids for a period of not more than 60 days and said bid shall remain in full force and effect during said time. The City further reserves the right to waive informalities and to award the Contract to any Bidder all to the advantage of the City of Noblesville or to reject all bids.

BID SECURITY: Each bid shall be accompanied by an acceptable certified check made payable to the City of Noblesville or an acceptable bid bond in the amount equal to five percent of the total bid price executed by an incorporated surety company in good standing and qualified to do business in the State of Indiana and whose name appears of the current Treasury Department Circular 570.

BONDS: A Performance Bond and Payment Bond each in the amount of 100 percent of the Contract price will be required from the Contractor to whom the work is awarded.

QUALIFICATION OF BIDDERS: Bidder, or Sub-Contractor performing work type, must be on the most current Indiana Department of Transportation Pre-Qualified Contractors list at the date of the Bid Opening for the types of work involved with this project, including, but not limited to “Surface Masonry and Misc. Concrete.”

All contractors, suppliers and subcontractors shall demonstrate 5 years of progressive experience in work similar in nature to this project. All workers employed on the project shall have documented legal citizenship or immigration status. Any general or subcontractor that has outstanding fees or inspections or has outstanding work-related, performance, or quality issues with the City of Noblesville may be deemed as non-responsive or non-responsible.

Any bid submitted by a firm that is not a plan holder and does not appear on the Official Plan Holders List for this project will be deemed non-responsive and non-responsible.

INDIANA REQUIREMENTS: Standard Questionnaire Form 96 – Revised 2013, completely filled out and signed, including attachment of Contractor’s Financial Statement.

5 ways to go green with school lunches

StatePoint

While packing lunch for the kids can seem like a daily grind, you can use the task as an opportunity to help kids form great lifelong habits.

Here are five small ways changing your lunch-making routine can have large, positive impacts on the environment, your wallet and your kids’ health.

1. Pack with reusables. On average, a school-age child with a lunch packed in single-serve disposable materials like plastic snack bags or juice boxes generates 67 pounds of waste per school year, which equates to 18,760 pounds of lunch waste for an average-size elementary school, according to the estimates of Waste

Public Notices

NOTICE TO TAXPAYERS AND ALL OTHER PERSONS AFFECTED OF ADOPTION AND CONTENT OF RESOLUTIONS OF THE NOBLESVILLE REDEVELOPMENT COMMISSION AND NOTICE OF PUBLIC HEARINGS ON RESOLUTIONS

Taxpayers of the Noblesville Redevelopment District (“District”), and all other persons affected hereby, are notified that the Noblesville Redevelopment Commission (“Commission”) did on December 16, 2016, adopt a declaratory resolution declaring an area as an economic development area and allocation area (“B-T Declaratory Resolution”) establishing the Bergen-Tegler Economic Development Area and Allocation Area (collectively, “B-T Area”), including the removal of the parcels set forth therein from the Corporate Campus East Area and Allocation Area for inclusion in the B-T Area along with the additional parcels set forth in therein and approving an economic development plan (“B-T Plan”) for the B-T Area.

On July 21, 2017, the Commission adopted its Amending Declaratory Resolution (“Amending Declaratory Resolution”), amending the B-T Declaratory Resolution to: (i) designate Borg Warner, Inc. as a “designated taxpayer” for purposes of capturing increases in depreciable personal property assessed value in the B-T Allocation Area; (ii) amend the B-T Plan to add certain projects to the B-T Plan; and (iii) delete certain parcels originally added to the B-T Area in the B-T Declaratory Resolution.

On December 11, 2015, the Commission adopted a declaratory resolution declaring an area as an economic development area and allocation area (“SR 37/146 Declaratory Resolution”) establishing the State Road 37/146th Street Economic Development Area and Allocation Area (collectively “SR 37/146 Area”) and approving the economic development plan (“SR 37/146 Plan”) for the SR 37/146 Area. It is the intent and desire of the Commission to modify the SR 37/146 Declaratory Resolution to delete two parcels from the SR 37/146 Area owned by Harvey Enterprises Inc. consisting of parcel numbers 14-11-19-00-00-002.000 and 14-11-19-00-00-003.001.

The B-T Declaratory Resolution, Amending Declaratory Resolution, the B-T Plan, as amended, the SR 37/146 Declaratory Resolution, as proposed to be modified, the SR 37/146 Plan and supporting data, including maps and descriptions of the B-T Area and the SR 37/146 Area have been prepared and can be inspected at the office of the Department of Redevelopment, City Hall, 10 South 10th Street, Noblesville, Indiana.

Notice is further given that the Commission on September 8, 2017, at the hour of 8:00 a.m., local time, in the Council Chambers, Noblesville City Hall, 16 South 10th Street, Noblesville, Indiana, will receive and hear remonstrances from persons interested in or affected by the proceedings pertaining to the B-T Declaratory Resolution, the Amending Declaratory Resolution, the B-T Plan, as amended, the SR 37/146 Declaratory Resolution and the SR 37/146 Plan and will determine the public utility and benefit of such actions. At the time fixed for the hearings or at any time prior thereto any person interested in the proceedings may file a written remonstrance with the Secretary of the Commission in the Department of Redevelopment, Noblesville City Hall, Noblesville, Indiana. At such hearings, which may be adjourned from time to time, the Commission will hear all persons interested in the proceedings and all remonstrances that have been filed. After considering this evidence, the Commission will take final action by either confirming, modifying and confirming, or rescinding the B-T Declaratory Resolution, the Amending Declaratory Resolution and the SR 37/146 Declaratory Resolution.

Dated this 25th day of August, 2017.

NOBLESVILLE REDEVELOPMENT COMMISSION
ss/Jack Martin, Secretary

Free Lunches, a non-profit organization.

Reduce your contribution to this waste and save money in the process with reusable containers. Waste Free Lunches estimated that choosing only reusable containers can save you almost \$250 per person, per year. To learn more about reducing lunchtime waste on the household or community level, visit, WasteFreeLunches.org.

2. Choose Made in USA. The “3 Rs” — Reduce, Reuse and Recycle — are a great refrain for environmentalists, but to ensure your family’s daily habits are minimally impacting the environment, consider adopting the simple act of choosing Made in USA products. This small change automatically reduces one’s carbon footprint by a magnitude of 10, according to a recent study conducted by Nalgene Outdoor, which offers a vast variety of BPA- and BPS free reusable water and food containers in a myriad of colors and designs, ranging in size from 12-ounces to 48-ounces. You can help explain the significance of buying Made in USA products to kids by telling them it’s like leaving a light on for 30 minutes vs. three minutes.

3. Buy food local. Without a doubt, the most nutrient-rich and often most cost-effective way to procure fresh produce is locally. Additionally, anything sourced within 100 miles of home has a significantly lower carbon footprint than something that has traveled through hemispheres to reach your grocery store shelves.

Community Supported Agriculture (CSA), co-ops and farmers markets are popular ways to find local produce direct from farmers. Check out localharvest.org to find a program near you.

4. DIY grab-and-go snacks. Prepackaged snacks are often priced at a premium and rarely offer nutritious enrichment, but with just a little prep work, you can create your own healthy options more affordably.

“I try to choose storage containers that are already pre-portioned so I know the portion that I’m packing,” says Peggy O’Shea Kochenbach, a registered dietitian nutritionist. “Pack nutritious items like fruits, vegetables and nuts in clear containers in the pantry or refrigerator on Sunday, so that they are ready to ‘grab and go’ for the week.”

For safety, store items in BPS- and BPA-free reusable containers, such as those from Nalgene Outdoor Products, which offers a line of reusable storage containers that are clear, ranging in size from 4-ounces to 16-ounces and that are also dishwasher safe.

5. Green your clean-up. Parents should seek reusable items that can both sustain kids’ rough and tough daily activities, but also survive the dishwasher. Close label reading shows that many reusable lunch containers suggest “hand washing.”

However, items that are dishwasher-safe can keep your household saner, cleaner and greener. For your family, cleaning is easy-peasy; and for the environment, research shows a good dishwasher saves 3,870 gallons of water over its lifetime and uses less energy than conventional models, which helps reduce air pollution and combat global climate change, according to the ENERGY STAR program.

With 3-0 start, No. 3 ranking...

Guerin Catholic girls soccer playing at a new level

By RICHIE HALL

Reporter Sports Editor

It's not a secret that the Guerin Catholic girls soccer program has quickly become a powerhouse.

The Golden Eagles have won games, post-season championships, even made an appearance at the state finals over the past 10 years. In other words, people know about what that Guerin soccer team is all about.

It may have taken a while for the rankings to finally reflect that, but that happened on Monday, when the Golden Eagles jumped to No. 3 in Class 3A, their highest ranking ever. Guerin Catholic had opened its season with wins over Westfield and Carmel last week, and picked up its third win on Thursday by overwhelming Heritage Christian - the No. 4 team in 1A - 7-0 at the GC field.

"It's always great to get respect," said Guerin coach Jonathan McClure. "I'm really proud of the girls for my colleagues demonstrating what they've been doing on the field so far. But again, we got a long way to go."

McClure, who coached the Golden Eagles to an appearance in the 2010 state finals (back when soccer was still a one-class sport), noted - as any experienced coach would - that "a ranking's just a ranking," and that it matters more how a team is playing in October than what it's doing in August.

At the same time, the coach is also aware that such a high spot in the rankings does bring on a new sense of ownership, and some new questions for the team.

"With that comes a new brand of ownership and a new mentality, really," said McClure. "One thing we're starting to talk with the girls with is 'How do we own that?' 'Is that important for you?' 'How do we go about that?' 'How does it maybe change and tighten up what we've done to this point and where we're going?'"

Guerin Catholic had no problem going in a winning direction against Heritage, the

Anna Heck scored a goal for the Guerin Catholic girls soccer team in its Thursday win over Heritage Christian.

pre-season No. 1 in 1A, Thursday night. The Golden Eagles scored their first goal 16 seconds into the game, and led 6-0 at half-time. Cassidy Lindley put in three goals, with Elle Vuotto, Dani Mason, Anna Heck

and Kyra Ferry all scoring one.

"We were looking to get into a faster start in every contest that we have this season," said McClure. "The girls were able to do that tonight."

There is no rest for the highly-ranked in girls soccer, of course. Next up is a Saturday game with Brebeuf Jesuit, the No. 5 team in 3A.

Thursday soccer

University girls blast Scecina

The University girls soccer team scored an exciting 6-0 win at Scecina on Thursday.

The Trailblazers dominated the match early, but had a hard time in the first half scoring on a strong goalkeeper for the Crusaders. Ten minutes into the match, junior Halle Von Ah found sophomore Tessa Hudson to put the Trailblazers on the board.

University added five more goals in the second half. Von Ah converted a penalty kick and scored another goal and also had two assists for the Trailblazers. Junior Lucy Snyder added two more goals, and Hudson finished the game with a second goal and an assist. Sophomore Lilly Fair had a clean sheet on the night.

The Trailblazers' junior varsity team won 4-2. Sophomore Lilly Fair scored two goals and Annie Klemsz added a goal, as did freshman Brooke Toombs scored a goal for the Trailblazers. Senior Shelby Wood played goalkeeper for the Trailblazers.

The **Hamilton Heights** boys team fell to New Castle 3-1.

The Trojans scored 27 seconds into the game, but the Huskies answered four minutes later. Roger Lopez sent a great ball to Logan Fakes who cut in from the wing to put in the equalizer.

In the second half the Huskies came out controlling and moving the ball on the turf field very well. After a quick counter that was saved by keeper Caleb Grabarz, New Castle capitalized when a crashing player put it into the net. New Castle scored its third goal with five minutes left in the game.

Caleb Grabarz recorded five saves. Heights' Player of the Game was Drew Tomaszewski "with his relentless effort and determination," said HHHS coach Derrick Dean.

Carmel's boys fell to Center Grove 1-0 on Thursday.

"I am extremely proud of the way the guys performed tonight," said Greyhounds coach Shane Schmidt. "I thought their effort, communication, spacing, and organization was fantastic and by far the best of the season. We created several dangerous scoring opportunities by getting around behind their defenders and were unlucky to find the back of the net. It was a bit disappointing to get scored on two games in a row by a penalty kick."

University's boys team beat Seton Catholic 3-0 in a Thursday Pioneer Conference game.

Ryan Williams scored all three goals for the Trailblazers.

Noblesville's boys played Brebeuf Jesuit to a 2-2 tie on Thursday.

The Millers opened the scoring in the 1st half with a cross from Tommy Gregory that found Joe Lang on the back post for a full volley. The Braves came back to score two goals before halftime.

Noblesville tied the game with just under five minutes to go in regulation, Kole Thompson poked a ball past the keeper from just outside the six-yard box to tie the score.

The Millers are back in action when they take on Fishers on Tuesday.

Football Friday Night

Rivalry games highlight Week 2

By **RICHIE HALL**
Reporter Sports Editor
There will be a good old-fashioned rivalry game at Carmel Stadium tonight.

The Greyhounds will host Noblesville in one of the bigger games of the second week of the Indiana high school football season. When kickoff takes place at 7 p.m., both teams will be looking for their first win of the season: The Millers lost their opener to Lawrence North 42-13, while Class 6A No. 3 Carmel fell to the Kentucky Class 6A state champion, Louisville Trinity 31-3.

The two teams resumed their regular-season rivalry last year, also in Week 2 (although they have played each other in the sectional several times over the past few years.) Last season's contest was a rain-delayed and hard-fought contest, with the 'Hounds winning 24-9.

Noblesville junior quarterback Grant Gremel had a solid game against the Wildcats last week, completing 20 of 33 passes for 168 yards. Christian Collier provided some excitement with a 70-yard touchdown run; he finished the game with 93 yards in nine carries.

The Greyhounds got some nice production from wide receiver Atticus Clouse, who caught five passes for 42 yards in his first varsity start. Quarterback Jake McDonald held his own against the tough Trinity defense.

In other games:
FISHERS will look to rebound after a tough loss to North Central last week by taking on another Metropolitan Conference school. The Tigers travel to Pike for a 7 p.m. kickoff.

Fishers has played Pike as its Week 2 game the past three seasons. The Tigers fell to the Red Devils in their inaugural meeting, but have since won the last two games, edging Pike 41-36 last year. The Red Devils are coming off a tough loss of their own, dropping a 33-32 opener to Zionsville.

Jon Vore threw two long touchdowns for Fishers last week, a 35-yarder to Will Syrus and a 47-yarder to Bryce Gee.

GUERIN CATHOLIC will take on Lafayette Central

Catholic for its first game at the Eagles Nest this season. Kickoff is at 7 p.m.

The Knights find themselves in an unusual position: 0-1 to start the season. LCC was routed by Lafayette Jefferson 54-0 in its opening game, the first time the Knights had dropped a Week 1 contest since 2005. As a result, Central Catholic fell from its pre-season ranking of No. 1 in Class 1A to No. 6.

The Golden Eagles are receiving votes in 3A, as they should be after winning their opener at Martinsville 13-11 last week. Do-it-all running back Thomas Kaser not only rushed for 141 yards, he also kicked two field goals, including the game-winner with 5:15 left in the fourth quarter. Luke Keller had a nice night passing the ball, going 5-for-14 for 100 yards.

HAMILTON HEIGHTS will finally get to play Kokomo for the first time tonight. The Huskies host the Wildkats, which are receiving votes in Class 5A, at 7 p.m. in the Husky Dome.

The two teams were supposed to play their inaugural game last season, but it was canceled after Kokomo was hit by a tornado outbreak a couple days before the Week 2 game was to be played. Instead, the Heights team traveled up to Kokomo to help out with the clean-up.

Reporter photo by Kent Graham

Nick Rusie returns a kickoff for Noblesville during the Millers' opener against Lawrence North last Friday. Noblesville will play at Carmel tonight.

Both teams will enter this game trying to get their first win of the season. The Huskies lost their opener at Mount Vernon last week 17-13, while the Wildkats were stopped by Hamilton Southeastern 24-2. The Royals held Kokomo to just 103 all-purpose yards (53 rushing and 50 passing). Kyle Wade is the Kokomo quarterback, he was 5-of-11 last week.

Heights is playing with a mostly new crew, but it was able to get some things done last week against the Marauders. Blake Webel established himself as a good runner, gaining 138 yards on 13 carries and scoring a touchdown. Carter Compassi threw for 82 yards.

HAMILTON SOUTHEASTERN, fresh off its win at Kokomo last week, will try its hand at North Central this week. The 6A No. 9 Royals travel to the Panthers' field for a 7 p.m. kickoff.

This will be the fourth year in a row that Southeastern takes on NC in the Week 2 game. It's been a good stretch for the Royals, as they have beaten the Panthers in each of the past three years, last year by the score of 31-7.

North Central has a solid quarterback, junior Liam Thompson. He threw completed 21 of 36 passed for 259 yards, including a touchdown. Senior George Stokes rushed for 114 yards, while senior Cole Maguire made seven catches and junior Tre'von Elliott had six.

The Royals debuted many new players last week, and they played well. Lance Stephens rushed for 108 yards and a touchdown, while new quarterback Cody Huppenthal rushed for and passed for a touchdown each.

SHERIDAN won't have any trouble getting up for its game this week. The 1A No. 10 Blackhawks play their first game at Bud Wright Stadium this season against old rival Clinton Central. Kickoff is 7:30 p.m.

Sheridan has had control of this rivalry lately, having not lost to the Bulldogs since 2009. That's a run of seven straight wins for the 'Hawks; last year was by a close score of 28-25. The game also has bigger meaning now since it's a Hoosier Heartland Conference game, the first one of the season for both teams.

The Blackhawks are coming off a 19-7 loss to another old rival, Western Boone. Central played at Northwestern in its opener, losing 40-16.

The Bulldogs have a junior quarterback, Spencer Smith, who went 16-of-39 for 147 yards and a touchdown. Junior Jaden Quick was the top receiver, catching six passes for 93 yards.

Sheridan has an experienced offense, with Joe Callahan carrying the ball 26 times for 79 yards last week against WeBo. Drake Delph was 7-of-12 through the air, totaling 71 yards.

WESTFIELD will play in a familiar place tonight: Lucas Oil Stadium. The Shamrocks will return to downtown Indianapolis to take on Southport. This game kicks off at 8:30 p.m.

When Westfield went to Lucas Oil last November, it came home as the Class 5A state champion. This year the 'Rocks are in 6A, now in the same class as the Cardinals, whom they have played in Week 2 the past three seasons. After a loss in that first game, Westfield has beaten Southport the last two times, including a 27-0 victory last year.

The Cardinals dropped their opener last week against 5A No. 3 Roncalli by the score of 21-3. Westfield (which is receiving 6A poll votes) won its ninth game in a row dating back to last October, 22-7 over Harrison.

The Shamrocks' defense made key plays in the second quarter to gain the momentum, and cruise through the second half. Cameron Nance made his debut as quarterback and played well, going 8-for-15 and totaling 75 yards. Veteran running back Nate Froelich carried the ball 21 times for 78 yards.
