Local grads gain experience at Statehouse

The REPORTER

Local high school graduates are gaining experience as interns with State Rep. Kathy Kreag Richardson (R-Noblesville) and fellow members of the House of Representatives during the 2018 legislative session.

Christine Schulte, a resident of Fishers and a Fishers High School graduate, is the daughter of Mike and Jean Ann Schulte. She is a student at Indiana University-Purdue University Indianapolis pursuing a degree in computer engineering.

As an intern in the House Majority Communications Office, Schulte helps create legislative handouts, writes blog posts and assists the social media

and technology specialist with daily tasks.

Dayton Jennings, a resident of Noblesville and a Noblesville High School graduate, is the son of Kevin and Christy Jennings. He is a Wabash College graduate who earned a bachelor's degree in financial economics.

As a fiscal policy intern, Jennings corresponds with staff on issues that directly relate to the state's finances.

Each year, the House of Representatives offers paid internship opportunities to college students, law-school students, graduate students and recent college graduates for the duration of each legislative session.

"I love meeting and working with young peo-

ple from our community," Richardson said. "Christine and Dayton are valuable members of our team and it's exciting to watch them grow as professionals."

Downtown Noblesville sewer work beginning this week

The REPORTER

Noblesville Utilities will begin work this week to clean, televise and reline the sewers running through downtown. The work, contracted through Inland Waters Pollution Control, Inc., will take place overnight from 7 p.m. to 7 a.m.

to cause as little disruption to businesses and traffic that takes place downtown. The process begins with cleaning of the lines, which should take three to four days and will be the noisiest portion of the sewer line rehab. After cleaning is completed, the

remaining work will last approximately six weeks as the city uses cured-in-place pipe. "By using cured-in-place pipe we are able to repair the existing pipelines without having to dig up streets and sidewalks," said Noblesville Utilities

Director Ray Thompson. "Cured-in-place pipe forms a jointless, seamless pipe within the old pipe. This is proactive work we are doing downtown because the existing sewer is brick and 100 years old."

Carmel clears beetle-battered trees for trail, community center

WISH-TV

Five hundred trees are coming down near West Park, after Carmel Clay Parks and Recreation officials say they've been irreparably damaged by the Emerald ash borer.

The invasive species came to the United States from Asia and has been known to eat Ash trees from the inside out. Michael Klitzing, CEO of Carmel Clay Parks and Rec, says the beetles hit the 40 acres west of West Park some years ago.

"Some of the trees are so compromised that a windstorm could actually cause the entire tree to fall," Klitzing said, giving

24-Hour News 8 a tour of the park and the forest.

Klitzing explained his department is embarking on a \$30 million, five- to seven-year development plan for West Park that includes building an 8,000-square-foot community center, new nature trails, an additional parking lot and an adventure low ropes course and playground in the woods. To do that, Klitzing says they'll need to do a lot of ash borer spring cleaning.

"Five hundred trees is a lot of trees, and obviously we prefer to plan trees and preserve trees as opposed to take them out," he said. "We have a playground that's going to be incorporated into the

woods. We don't want to have a tree that's at risk of falling on a kid or a member of the public on the playground."

The forest has 2,000 documented trees, so the project will clear 25 percent of the forest. Klitzing says the department does not plan on planting new trees but will use the space to forge new trails through the woods for park visitors. He also says the parks department has

done their due diligence, calling in outside experts to confirm the 500 trees already dead or infected.

"Ash declines really quickly after an Emerald ash bore kill. It gets brittle," explained Joe Rainwater, a certified arborist, already working on felling trees Monday afternoon.

"We could take a walk through the woods; you'd see things that are 10-, 12-,

Fishers diving coach resigns amid OWI arrest

WISH-TV
wishtv.com

A coach in charge of two separate diving teams in Fishers has resigned after he was arrested for allegedly driving while intoxicated.

Officials were dispatched out to the area of 126th Street and Cumberland Road on Feb. 4 to check the welfare of a driver when a caller reported him to be asleep behind the wheel of his vehicle in traffic.

Upon arrival, authorities observed a strong odor of alcohol from the vehicle and noticed signs of intoxication. 37-year-old James Davidson was later taken into custody after failing numerous sobriety tests and was confirmed to have had a .15 BAC.

24-Hour News 8 learned that before his arrest that Davidson attended a Super Bowl party at a house where a student diver lives. 24-Hour News 8 has been told by the party host that there were no students present.

Davidson was an

assistant dive coach employed with Hamilton Southeastern Schools at Fishers High School. He's also the head coach for the Fishers Diving Tigers Club, a club sport based out of FHS's Natatorium that competes in USA Diving and AAU Diving competitions.

He had only been employed with HSE schools for a few months. Before this he worked for the Dominion Dive Club in northern Virginia.

HSE released this statement:

"We are aware of the OWI charge against one of our assistant dive coaches. After reviewing the matter, we have accepted his resignation effective immediately. HSE Schools has high standards for the conduct of employees and is addressing this matter with the utmost seriousness."

Fishers Diving Tigers Club has not replied to questions about their head coach, but their website states the following:

House passes Huston’s workforce development bill

The REPORTER

The Indiana House of Representatives on Monday voted in favor of State Rep. Todd Huston’s (R-Fishers) proposal that would help restructure Indiana’s workforce programs and funding. According to Huston, Indiana’s workforce development system spends roughly \$1 billion per year through nine state agencies across 30 different programs. **House Bill 1002** would reorganize the state’s workforce development system using return-on-investment metrics to evaluate areas in need of improvement. The bill also calls for consolidation of overlapping efforts into programs that are both accessible to workers and aligned with employer needs. “Our goal is to ensure taxpayer dollars are being directed into successful workforce programs that support individuals looking to skill-up and connect them with employers,” Huston said. “This would not only benefit our state’s economic development efforts, but more importantly, also help Hoosiers grow their house-

hold incomes and provide employers with the skilled employees they need.” The proposal would create the Next Level Workforce Training and Development Fund to ensure there is a dedicated source of money every year invested into programs. The bill also proposes the Indiana Department of Workforce Development establish two employees at each WorkOne center, which connects Hoosier employers and jobseekers with state resources, to in-

form local schools on available grants and programs. Students enrolled in career and technical courses may permit schools to release information to potential employers looking to recruit students. Bragg announces run for Sheridan Town Council

The REPORTER

On Friday, Daniel Bragg announced his campaign for one of the two At Large seats on the Sheridan Town Council. Bragg, 28, is a 2008 graduate of Sheridan High School and a U.S. Air Force veteran. Bragg stated in his campaign announcement, “My focus for Sheridan is centered around moving toward the future. Sheridan has remained stagnant in the county, while other communities have flourished in my lifetime. I want to work

on a platform focused on growth, while at the same time wanting to restore some of the lost luster of Sheridan. I want to directly work with the young people of Sheridan to get ideas on their needs as far as work, leisure, and possible living in the future. I want to make Sheridan a place that people come to, rather than just pass through. We have unique opportunities being at the intersection of both State Road 38 and State Road 47, as well as being the final stop for the Monon

Trail. We can use these opportunities to our advantage to see Sheridan make a comeback, and move toward a future where Sheridan is thriving. We also can benefit from the proximity of Grand Park, and all the great things that are happening out there.” “Sheridan is a great town, but is often forgotten,” Bragg said. “This needs to change, and I sincerely hope that the people of Sheridan give me the opportunity to work toward a bright future with them.”

Hamilton County Youth Assistance Program, along with partners in industry, education and government, is endeavoring to expose underemployed and unemployed adult populations to the opportunities available in skilled labor. This is because in the modern Hoosier economy, middle-skill occupations make up the majority of workers and vacant positions. Hoosiers need to be exposed to these opportunities, and more and more of them are needed in the skilled labor pool every day to keep the economy running efficiently.

Hamilton County Youth Assistance will be hosting an Adult Career Fair from 10 a.m. to 2 p.m. on Tuesday, March 6 at Ivy Tech in Noblesville, in order to help these individuals find living-wage career pathways in their own community.

The Youth Assistance Program has allied with local and regional community organizations to help ensure that the highest quality candidates as possible can be provided for any position. If your company is hiring permanent, full-time workers with an annual salary over \$27,000, you are invited to attend. This will be a great opportunity to have direct face-to-face communication with potential employees.

Suzanne Merideth
January 14, 2018

Suzanne Merideth, 93, Noblesville, passed away on January 14, 2018. She was an invaluable member of the community from an early age. A dedicated parent to Sharon and Michael, she made it a point to be very involved with her children's education. Her soft-spoken nature meshed well with her husband's laid-back demeanor. They were a model couple.

In 1969, she and her husband Charles opened Aunt Bee's Fried Chicken. They served some of the best fried chicken and homemade sides in Hamilton County for 20 years. She and her husband donated their hard-earned money to a variety of charities, most notably Gleaners Food Bank.

The world lost one of the most honest people you might ever have met; God gained a great angel. She has longed to be reunited with her husband since his passing and God granted her wish.

She was preceded in death by her husband Charles and son Michael. She is survived by her sister Marilyn, daughter Sharon, two grandchildren and five great grandchildren.

Smith, Trexler win high school bowling state titles

Hamilton County crowned two high school state bowling champions after the finals took place Saturday at Championship Lanes in Anderson.

Noblesville's Nathan Smith won the Indiana High School Bowling boys state title, while Hamilton Heights' Keagan Trexler won the girls state championship. Both bowlers began their state quest by finishing in the top four in the qualifying round, then worked their way through the stepladder round to place first.

Smith was the No. 4 qualifier, so he had to climb all the way up the stepladder to win state. He scored a 664 in the qualifying round, which put him into a match with the third seed, Lance Williams of Homestead. Smith won that match 209-155.

Next up for Smith was Warren Central's LaVon Hampton, the second seed. Smith won 246-203, which advanced him to the final to take on top seed Scotty Kramer III of Muncie Central. Smith beat Kramer 206-192 to claim the state title.

Meanwhile, Trexler was the second seed out of qualifying with a 650. She first awaited a match between the third seed, Portage's Makayla Himden and fourth seed Madison Murello of Franklin Central, with Himden winning 183-182.

Trexler beat Himden 186-161 to advance to the final, where she took on top seed Katie Fraser of Elkhart Central. Trexler won the state championship by defeating Fraser 168-153.

Smith won the Lafayette semi-state, which took place at Mike Aulby's Arrowhead Bowl, and led the Noblesville boys team to a fifth-place finish at the semi-state. Trexler finished ninth in the semi-state to advance to state.

In the team event, Portage won the girls state championship and Ben Davis won the boys state title.

In the first playoff match, Portage defeated Franklin Central 386-306. The championship match was a close battle all the way to the end but Portage came out on top with a 359-346 win over Michigan City.

On the boys' side, Ben Davis and moved on with a 349-292 victory in the first championship match. The Giants then defeated Huntington North by a score a 412-368.

In the championship match, Ben Davis won the first game 196-129. Merrillville didn't quit. The Pirates roared back with a 276 and 405 total but the Giants responded with their own 235 for a 431 total and the state crown.
