Bank robbery in Sheridan

The REPORTER

First Farmers Bank & Trust, 2400 State Road 38, Sheridan, was robbed at approximately 9:45 a.m. Wednesday morning.

The suspect pictured gave a note to the teller implying he had a weapon, but no weapon was displayed during the robbery. The suspect got away with an undisclosed amount of money. The suspect is a white male who appears to be in his 30s with tattoos on both arms.

The Hamilton County Sheriff's Office Investigations Division is currently assisting Sheridan Police Department with a bank robbery investigation.

According to the Sheriff's Department, both employees and citizens were inside the bank when the robbery took place.

Because of the nature of this crime, the FBI is assisting local law enforcement with this case.

The suspect was last seen wearing jeans, a striped short-sleeve shirt and glasses, and he possibly left in an older, white, four-door vehicle with all black rims.

According to the Reporter's sources, the last bank robbery in Sheridan was at The Farmers Bank in 2014.

If you have any information, please call the Sheriff's Department investigations line at (317) 776-9887 or 773-1282 and ask for Lt. Dixon or the non-emergency line at (317) Detective Petty.

Janus fundraiser online this year

By FRED SWIFT | ReadTheReporter.com

Janus Developmental Services' annual fundraiser will be virtual this year due to continuing health concerns. Christina Sorensen, Janus president and CEO, said the fundraising activities can be seen, starting today, by going online to the Janus website and clicking the fundraising link.

The organization's planned expansion of facilities is on hold partially due to the pandemic, but the Building Committee is scheduled to meet next month. They will be considering Janus' next move toward construction.

Janus is Hamilton County's service center and workshop for adult disabled persons, located at 1555 Westfield Road, Noblesville.

The organization also provides Hamilton County Express bus service for those citizens in need of transportation anywhere within the county.

Student-athlete at Heights high school tests positive for COVID

The REPORTER

A student athlete at Hamilton Heights High School has tested positive for COVID-19. The student has not attended school.

The school district contacted the Hamilton County Health Department, and per the health department's guidance, the student will quarantine at home for 14 days. Through contact tracing, any player the student touched must be quarantined

for 14 days as well.

As a precautionary measure, a staff member and 13 student athletes will also quarantine for the next 14 days.

Protocols and procedures related to this scenario can be found on pages 5-7 of Heights' [Re-Entry Plan](#). Heights administrators encourage families to remain diligent, take personal responsibility, and follow the recommendations by local and state public health partners to

mitigate risk of exposure and transmission on and off school grounds.

As a reminder, if you or anyone in your family is experiencing symptoms in line with COVID-19, contact your healthcare provider for further guidance. Families are encouraged to self-monitor for symptoms of the coronavirus virus including fever, dry cough, body aches, and shortness of breath.

A statement issued by the school district said, "We appreciate your continued confidence and support as we prioritize the health and safety of our students and staff while accelerating learning opportunities for all students during this pandemic. Thank you for doing your part to be good neighbors and show kindness and empathy as we move forward through these challenging times together."

New art gallery now open at Fishers' Hub & Spoke complex

The REPORTER

There's now more great local art on display in Fishers. Hub & Spoke, 8100 E. 106th St., Fishers, is now featuring works by award-winning artists from Hamilton County in its hallway galleries. The project is an effort by Nickel Plate Arts, High Frequency Arts and Hub & Spoke.

Noblesville artist Michael Janosky is one of the first artists to be showcased in the new gallery space. He is featuring his oil paintings from his time as artist-in-residence at Indiana Dunes National Park. One of the studio artists at Nickel Plate Arts' campus in Noblesville, he says he is excited to be showing off his work at Hub & Spoke.

"It seems an appropriate fit to debut a new body of work at the opening of this one-of-a-kind design center," Janosky said. "The time to explore, observe, and contemplate was the foremost purpose of my

Free family-friendly outdoor movies coming to Atlanta

By STU CLAMPITT
ReadTheReporter.com

If you miss going out to the movies and want a safe, family-friendly option that does not involve streaming something at home, CrossRoads Student Center has the answer.

They have two options for you to see a free outdoor movie this month.

On Saturday, Aug. 15 you can see *Toy Story 4* in the park at 400 N. Perry St., Kirklin. One week later on Saturday, Aug. 22, you have a second opportunity to see the movie right here in Hamilton County at Dolles Park, 130 W. Walton St., Atlanta.

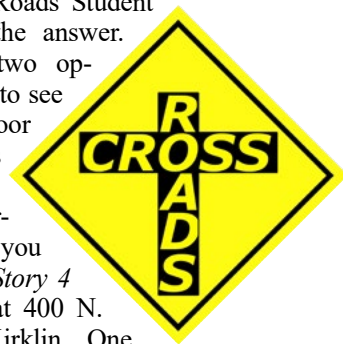

According to Pastor Chris Brooks, there is no cost for these family-friendly events.

CrossRoads Student Center is providing individually packaged snacks, music and more starting at 7:30 p.m. Movies will start after sunset at approximately 9:30 p.m. each night.

CrossRoads asks that you bring your own blanket or lawn chairs.

State and local social distancing guidelines will be in place to ensure the safety of everyone involved.

Water main flushing begins next week in downtown Noblesville

The REPORTER

Indiana American Water will conduct water main flushing in the Noblesville service area beginning overnight on Sunday, Aug. 16 and continuing through Monday, Aug. 17 in the downtown area from 10 p.m. to 6 a.m.

Flushing of the remaining areas outside of downtown Noblesville will start on Wednesday, Aug. 19 and run through Friday, Oct. 23 from 8 a.m. to 4 p.m., Monday through Friday.

The company conducts the annual maintenance program to assure high-quality water service and to ensure fire hydrants are operational.

According to Noblesville Superintendent Josh Cox, "Water main and fire hydrant flushing is an important part of a regular maintenance program for water distribution systems. Indiana American Water consistently meets or exceeds all drinking water standards."

No interruptions in water service are anticipated as a result of the work. Customers may experience a slight drop in water pressure or temporary water discoloration while this program is underway. Customers should refrain from doing laundry during the time of day the flushing program is taking place in or near their neighborhood.

If tap water is discolored, Indiana American Water recommends allowing several cold-water faucets to run for a short time until the water runs clear. Using more than one faucet allows the water to clear more quickly.

Customers who have questions regarding hydrant flushing may call the Indiana American Water Customer Service Center at 1-800-492-8373.

The water main flushing will be performed by Indiana American Water crews. They will be working out of trucks identified with the company logo. All employees will also have photo ID badges.

Nickel Plate Arts Executive Director Ailithir McGill sees this as an excellent way to feature established area artists.

“Hub & Spoke offers an opportunity for artists to connect and collaborate with new audiences,” McGill said. “Hub & Spoke gathers together designers, fabricators, tradespeople and creative entrepreneurs in one amazing space.”

Hub & Spoke, a 94,000 square-foot master-planned mixed-use development, offers a design center with retail showrooms open to the public, a coworking space, and a state-of-the-art makerspace.

McGill says she believes hanging artwork in this new space will open up the possibility for artists to make new business connections.

“We anticipate that this will lead to artists building new relationships with interior designers and to have their art purchased by clients who are planning home renovations, redecorating projects, or upgrades,” McGill said. “We are excited that High Frequency Arts has extended us the opportunity to showcase our artist members in the public gallery area of Hub & Spoke.”

PREVAIL
Advocating for
Victims of Crime and Abuse
www.prevailinc.com

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault – it wasn’t something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Domestic violence and abuse are hard topics to discuss, so you don’t often hear about them. But at Tom Wood Volkswagen in Noblesville, we’re breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

– **Mike Bragg, GM of Tom Wood Volkswagen in Noblesville**

To help Hamilton County families affected by domestic violence and sexual abuse, you can donate the following items:

- Art supplies (for children to journal and express their emotions)
- Bottled water (8 oz. bottles, preferably)
- Individually packaged snacks
- Gas cards (many women have no access to funds after fleeing their abuser)

Drop off items at Tom Wood Volkswagen in Noblesville, 14701 Tom Wood Way.

What's new for 2020?

The Atlas Cross Sport.

All **Atlas Cross Sport** models come with a touchscreen infotainment display with both Apple CarPlay and Android Auto integration. Navigation is optional, as is a reconfigurable digital gauge display and SiriusXM satellite radio. The Volkswagen Car-Net connectivity app allows for remote starting and analytics while a 4G LTE Wi-Fi hotspot allows occupants to remain connected to the internet with their smart devices while on the go.

- Standard autonomous emergency braking with forward-collision warning
- Standard blind-spot monitoring with rear cross-traffic alert
- Available adaptive cruise control with semi-autonomous driving mode

Stop focusing on the one bad thing

As I wrote last week, my childhood best friend, also named Amy, died unexpectedly just a few weeks ago. We were best friends from infancy until I was 16 then reunited in our mid-20s. I'm sure that made some readers wonder – if we were such close friends, why did things come to a halt when we were 16?

I wish I could say that one of us moved or that we simply drifted apart, but sadly, the end of our friendship came about because of a stupid fight – one that I can barely remember the details of. This fight not only tore us apart, but our families as well.

Sadly, I know our story

COLUMNIST

AMY SHANKLAND
Sandwiched

is not uncommon. I grew up never getting to know an uncle and his family because of an argument over, of all things, a bracelet. It seems like every person I've talked to since Amy died has had a similar

story.

People, we've got to do better. Why do we let a beautiful relationship, filled with years of kindness and goodness flowing both ways, suddenly stop over ONE stupid, bad thing? I'm not talking about something heinous, just thoughtless.

When I taught the Dale Carnegie course years ago, we discussed that it's human nature to focus on the one bad thing. For example, when a student is do-

ing a worksheet with 20 math problems but gets one wrong, we're quick to jump on them and point it out. We often ignore the 19 correct ones. We need to remember the hard work and effort they gave to those and praise and focus on them first.

I think we need to apply this concept to our relationships. Yes, people do hurt us, but if we think about it, we've hurt others as well. I look back on those I've hurt with my thoughtlessness and my heart just aches. I wish I could take back my actions. While I've apologized or tried to make it up them, I know all I can do now is pray that they have truly forgiven me and that they are happy and doing well.

Amy and I were lucky. My niece Melissa became friends with her sister Car-

oline in high school and they worked on a project together that brought them to Indianapolis. Our families gradually started talking to one another. Soon Amy and I had lunch at Olive Garden in Mishawaka and shared apologies and old stories. My mom and her grandmother Rita became friends again as well.

While I've been sad to have lost her these past few weeks, I would have been utterly devastated had we not patched things up all those years ago. I'll be attending her celebration of life in South Bend at the end of this month and will be among friends vs. enemies. I've thanked God every day that we reunited when we did. She became an incredible woman who touched the lives of many and I'm proud to have called her my friend.

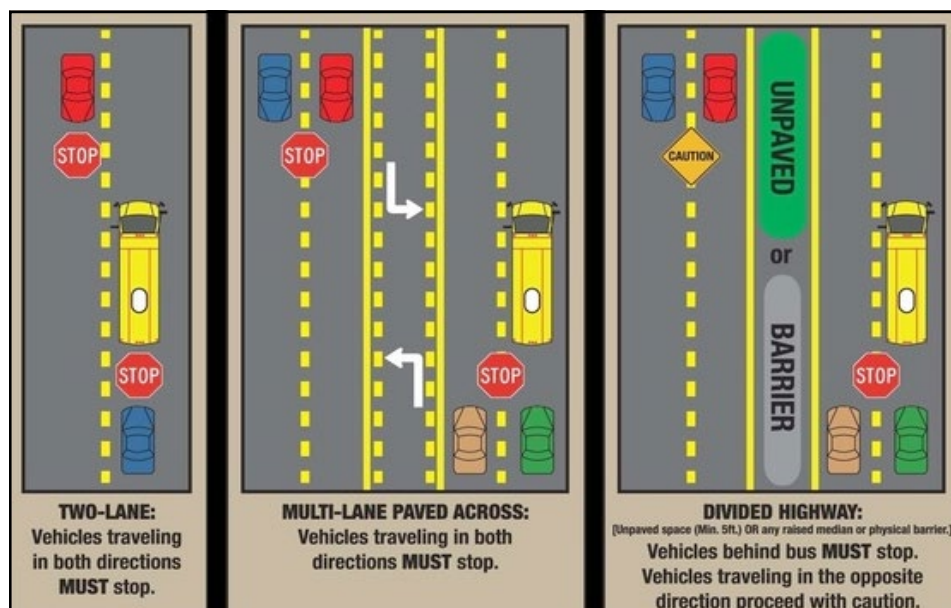

State Police focusing on school bus safety, school zone speed limits

The REPORTER

As the extended summer break comes to an end, students across Central Indiana are starting their return to school.

With that return, motorists should expect an increased amount of school bus and pedestrian traffic during the morning and afternoon commutes, and therefore need to plan those commutes accordingly to allow for extended travel time. Also to be expected, troopers with the Indiana State Police will be hitting the roads to watch for school bus stop arm violations. High visibility enforcement will be used to encourage motorists to stop for school buses, and enforcement action will be taken against those who don't.

Motorists should also be cognizant of school zone speed limits. The speed limit in a school zone is often reduced significantly during school hours or when children are present. Law enforcement officers will be increasing patrols in school

Graphic provided

zones throughout Indiana.

The Indiana State Police would like to remind all motorists of the Indiana law concerning school buses, flashing lights and stop arms.

When approaching a school bus from any direction, which is stopped and has its red lights flashing and stop arm extended, motorists are required to **STOP**, even on multiple lane highways where there

is no barrier or median separating lanes of traffic.

Motorists who are on a highway that is divided by a barrier, such as cable barrier, concrete wall, or grassy median, are required to stop only if they are traveling in the same direction as the school bus.

Always be prepared to stop for a school bus and watch for children. Children are unpredictable. Not only

is disregarding a school bus stop arm dangerous, it is a serious offense.

Prepare for increased pedestrian traffic in the morning and afternoon hours, and be aware of children standing along the roadway at a bus stop.

The Indiana State Police is committed to the safety of children and keeping Indiana's roadways safe through enforcement and education.

AG Curtis Hill urges Congress to pass legislation to protect seniors who have been victims of fraud

The REPORTER

Indiana Attorney General Curtis Hill is urging Congress to pass legislation known as Edith's Bill, designed to assist seniors victimized by fraud, as part of the nation's efforts to provide relief to those most impacted by COVID-19.

This bipartisan legislation would amend the Victims of Crime Act of 1984 (VOCA) to include victims of senior fraud as eligible for reimbursement through the Crime Victims Fund in states that provide compensation to victims. Indiana is one of those states.

Realizing that seniors are especially at risk from COVID-19, scam artists are targeting older people who are isolated at home, separated from families and detached from typical support networks.

"Scammers are well known to prey especially upon our older citizens," Hill said. "We must work together across local, state and federal jurisdictions to do everything possible to protect seniors from criminal predators. Further, we must also do our best to make seniors whole when they do fall victim to these unsavory schemes."

Hill is one of 44 attorneys general to sign a **letter to congressional leaders** advocating for the legislation. The bipartisan coalition is led by Louisiana Attorney

General Jeff Landry, a Republican, and Wisconsin Attorney General Josh Kaul, a Democrat.

Edith's Bill – or the Edith Shorougan Senior Victims of Fraud Compensation Act – would also amend VOCA so that penalties and fines from deferred prosecution and non-prosecution agreements are deposited into the Crime Victims Fund. This bill is named after a Wisconsin woman who was scammed out of more than \$80,000 in retirement savings.

Across all states, there has been a surge in COVID-19 scams targeting vulnerable seniors. The U.S. Department of Health and Human Services Office of Inspector General **has warned** that fraudsters "are offering COVID-19 tests to Medicare beneficiaries in exchange for personal details, including Medicare information." This is just one of many COVID-19 scams targeting seniors.

Even after the pandemic, fraudsters will continue focusing their schemes on seniors. By using this legislation to add senior fraud as an eligible reimbursement expense under VOCA, states can help victims obtain the financial relief they deserve. States would be incentivized but not mandated by this legislation to provide compensation to victims of senior fraud.

TODAY'S BIBLE READING

And a certain Jew named Apollos, born at Alexandria, an eloquent man, and mighty in the scriptures, came to Ephesus. This man was instructed in the way of the Lord; and being fervent in the spirit, he spake and taught diligently the things of the Lord, knowing only the baptism of John. And he began to speak boldly in the synagogue: whom when Aquila and Priscilla had heard, they took him unto them, and expounded unto him the way of God more perfectly. And when he was disposed to pass into Achaia, the brethren wrote, exhorting the disciples to receive him: who, when he was come, helped them much which had believed through grace: For he mightily convinced the Jews, and that publicly, shewing by the scriptures that Jesus was Christ.

Boys tennis

Shamrocks host GC in scrimmage

Scrimmages are continuing throughout Hamilton County this week, including an all-county get-together between the Westfield and Guerin Catholic boys tennis teams at the Shamrocks' courts.

Both teams have experienced players on their rosters. Westfield's varsity seven includes five returners from last season: Brett Barnes, Carson Kessler, Connor Housefield, Christian Emigh and Quentin Markle all played varsity matches in 2019. Cam Kooi and Foster Edwards are the other two players on the varsity list.

Meanwhile, the Golden Eagles have a nice mix of returning varsity players back as well. Senior Cole Metzger and junior Jak Kolb will be among the singles players, with sophomores Zach Thieme and John Tiplick playing doubles. Junior Bradley Getts moves up from junior varsity. Senior Liam Hogan and freshman Max Fuller are also part of the varsity lineup.

Guerin Catholic begins its regular season on Saturday, when it hosts Fishers in a 10 a.m. dual meet. Westfield's first regular-season meet will take place Tuesday at North Central.

In other opening meets, Hamilton Heights will host its Husky Invitational, beginning at 9 a.m. Saturday morning. Heights will then host Elwood on Tuesday.

A big all-county meet is also set for Tuesday, when defending state champion Carmel hosts Hamilton Southeastern. Also on Tuesday, Guerin Catholic welcomes Park Tudor.

Westfield senior Carson Kessler (left) and sophomore Cam Kooi played doubles together during the Shamrocks' boys tennis scrimmage with Guerin Catholic on Thursday. Kessler and Kooi are part of this year's varsity lineup for Westfield.

Guerin Catholic junior Jak Kolb played a singles match for the Golden Eagles during Thursday's scrimmage.

Girls golf

Caldwell goes five under to lead Millers

A remarkable round from Taylor Caldwell led the Noblesville girls golf team to a dual meet win on Thursday.

Playing their third meet in as many days, the No. 6-ranked Millers beat No. 3 Westfield 147-159 at Harbour Trees Golf Club. Caldwell led the way, carding a five-under par 30 to easily earn medalist honors.

Sarah Brenneman, Ellie Karst and Caroline Whallon each had 39s for Noblesville. Bella Deibel and Sophi Stutz both added 40s.

The Shamrocks were led by Sam Brown and Allie Hildebrand, both of whom scored 37. Cate Jensen added a 42, followed by Sophie McGinnis 43, Allie McKeown 44, Mallory Mortl 49 and Claire Thompson 54.

Both teams are back in action Saturday: The Millers play the Lapel Invitational at Edgewood Country Club, while the Shamrocks head north to Chippendale Golf Course for the Western Invitational.

Another clash between two ranked county teams took place Thursday at Stony Creek Golf Club, with No. 8 Hamilton Southeastern hosting No. 1 Carmel.

The Greyhounds won a close dual, 153-155. Freshman Claire Swathwood

led Carmel with an even-par 36.

"Claire was so focused and confident during her round today," said Greyhounds coach Kelly Kluesner.

Katie Kuc was next with a 38, followed by Ava Hedrick with 39 and Michaela Headlee with 40. Sydney Longstreth finished with four pars to score 42. Ava Nguyen played as an individual, carding 39.

The Royals' Yanah Rolston was the meet medalist, finishing with a 3 under par 33. Ashley Marcinko and Grace Dubec both carded 40s, followed by Amber Luttrell with 42 and Marissa Spreitzer 43. Also playing for Southeastern were Lauren Stewart 42, Katy Pippenger 43, Kaley McHaffie 45, Cora Zink 46 and Gabby Willard 52.

Carmel will play at the Zionsville Invitational on Saturday, while Southeastern will compete in the Lapel Invitational.

Fishers won a dual meet with North Central 188-200 Thursday at Grey Eagle Golf Club.

Junior Lilly McVay led the Tigers with a 39, followed by Sarah Majeski 47, Kristi Lilek 51, Megan Lapp 51, Sydney Meyer 54 and Marissa Moore 57.

Fishers will play at the Western Invitational on Saturday.

Scott Dixon climbs to top of Indy 500 speed chart

Scott Dixon just keeps on rolling. NTT INDYCAR SERIES points leader Dixon jumped to the top of the speed chart Thursday on the second day of practice for the 104th Indianapolis 500 presented by Gainbridge with a top lap of 39.8050 seconds, 226.102 mph in the No. 9 PNC Bank Chip Ganassi Racing Honda. His fast lap came with the benefit of an aerodynamic tow, as drivers continued to refine race setups in traffic.

Dixon, who opened the 2020 season with three straight victories, rose to the No. 1 spot on the 2.5-mile oval after recording the third-fastest speed Wednesday on Opening Day at 224.047. He looks to be a prime contender for both pole position during Armed Forces Qualifying Weekend this Saturday and Sunday and for his second Indy 500 victory on Race Day, Sunday, Aug. 23.

"Today, we made some minor changes and tried to figure out some different balances," Dixon said. "We're also focusing on how the car feels. The No. 8 car had some changes yesterday that (teammate

Marcus Ericsson) liked and we tried them, but I'm on the fence. We're just running through those variations and trying to run in as much traffic as possible and get the car as comfortable as possible for the race.

"We're really just working hard on race setup. We've had a lot of options to work through, and we also wanted to run some of the things the other two cars have tried. We also worked on finding traffic today to see how the car would respond."

Takuma Sato was second overall Thursday at 225.693 in the No. 30 Panasonic/PeopleReady Honda, with Marco Andretti third at 225.249 in the No. 98 U.S. Concrete/Curb Honda.

Conor Daly was the fastest Chevrolet-powered driver, fourth overall at 225.106 in the No. 47 United States Air Force entry. Rookie Alex Palou rounded out the top five and another strong day for Honda-powered teams at 224.971 in the No. 55 Dale Coyne Racing with Team Goh Honda.

Jack Harvey was the fastest driver without an aerodynamic tow, with a top

solo lap of 222.124 in the No. 60 AutoNation/SiriusXM Honda.

The first incident over two days of practice came at 4:40 p.m. – 50 minutes before the end of practice – when two-time Formula One World Champion Fernando Alonso was unhurt in an accident. Alonso made right-side contact with the SAFER Barrier exiting Turn 4 after clipping the concrete apron in Turn 4 with his left front wheel, with his No. 66 Ruoff Arrow McLaren SP Chevrolet then doing a half-spin to the left at pit entry and sliding into the inside pit wall, making secondary right-front contact. The car suffered moderate damage.

Alonso, who also crashed in practice last year, was eighth fastest today at 224.363 before his accident.

"It was the car, the grip of the car," Alonso said. "This place, the walls are coming very close. This is the way it is. Unfortunately, it happened again today. Hopefully it happens today instead of

Fever hold on against New York

Thursday was #NationalLeftHanders-Day, and with a 16-point lead reduced to just two with 37.7 seconds remaining, the Indiana Fever called upon a lefty of its own. Out of a timeout, Kelsey Mitchell came around a screen away from the ball on the left side of the court. With three seconds remaining on the shot clock, Mitchell received a pass from Julie Allemand and pulled up from 3-point range to erase the New York Liberty bid for a late comeback as Indiana held on for an 86-79 win on Thursday night.

Mitchell ended her night with 18 points on 7-of-13 shooting, a season-high five rebounds and two assists. Tiffany Mitchell led all Fever scorers with 19 points on a career-best eight made field goals and four rebounds.

Fever forward Candice Dupree entered the night six rebounds shy of reaching 3,000 for her illustrious career. After Liberty guard Kia Nurse's 3-point heave bounced off the iron with only seconds remaining in the game, Dupree grabbed it as time expired to secure her sixth rebound of the night.

Dupree added 11 points, two blocks, one assist and one steal, as the Fever improved to 4-5 this season.

As water reflects a face, so a man's heart reflects the man. Prov. 27-19

DIXON

from Page 6

Sunday the 23rd.

“You learn every lap you do around here, and we learned from this. Tomorrow we start again. I think everything tomorrow is going to be OK. Let’s keep up the good work, and hopefully no more issues.”

Ben Hanley completed the first phase of his refresher test after practice today in the No. 81 DragonSpeed USA Chevrolet. He will attempt to finish the final phase during practice Friday.

Practice continues from 11 a.m.-5:30 p.m. Friday for all drivers, with live coverage on INDYCAR Pass on NBC Sports

Gold. Cars will receive increased turbo-charger boost – generating approximately 50 horsepower and higher speeds – on “Fast Friday” practice in preparation for Crown Armed Forces Qualifying Weekend on Saturday and Sunday.

“It’s going to be cool,” Dixon said. “It’s a big jump (in power). We’re pretty low speeds (today). I expect to see some pretty big speeds tomorrow, especially in tows. Everybody will be trying to get a clear track, but that’s going to be tough to get. I’m excited for tomorrow – Fast Friday.”
