AWARDS

JENSEN’S LETTER

Flexware Innovation’s new headquarters in downtown Fishers (above) and The Hotel Carmichael in Carmel (below) are this year’s OneZone New Construction Award winners.

curtainwall, which encourages employees and guests to use the stairs and pulls in natural light to the center core. The second- and third-floor balconies overlook the NPD AMP. The project also incorporated a top-tier high efficiency VRF HVAC system for max control of heating, cooling and energy savings.

The award winners will be acknowledged at OneZone’s awards luncheon on Jan. 13, 2021, at the Ritz Charles, 12156 N. Meridian St., Carmel. If you are interested in attending, click on the Events tab at onezonecommerce.com.

risk, increase the cost of the project for taxpayers, and further delay a project that has been sorely needed in our community for decades.

FACT: Moving forward with a route that intentionally goes through a neighborhood that is listed on the National Register of Historic Places could cause our City to lose out on millions of dollars for this project and damage important relationships with state and federal agencies that would affect future road, trail, and infrastructure projects.

FACT: IDI’s suggested route would bisect and divide The Plum Prairie Historic District, which would displace families in a historically minority neighborhood that has cultural significance for our community. This is evidence enough to find their proposed route a harmful and irresponsible choice for our city.

IDI’s “Bypass Coalition” title itself goes along with their general theme of misinformation and confusion. This City has made it clear that this road project will not be designed to be a bypass, but rather an alternative boulevard to help east-west traffic flow through our city. The corridor will bring residents and visitors near businesses, restaurants, and other parts of town, therein boosting our local economy and enhancing public safety. It is irresponsible that IDI would suggest that a portion of their parking lot is more important than the local businesses, workers, residents, healthcare workers, first responders, schools, and students alike who need this corridor.

I am disappointed that a valued community employer and business has walked away from the table of constructive dialogue and negotiation.

FACT: The project alignment, which has been approved by the state, impacts only the south portion of IDI’s parking lot, representing around 15 percent of their total property.

The City has a strong track record of working with IDI to facilitate their growth and operations in Noblesville, including granting nearly \$300,000 in property tax abatements during the previous decade, which is still providing a monetary benefit to the company today. Additionally, we have made multiple offers to find and improve alternative parking solutions that could provide a net increase in space and parking capacity. To the extent that IDI contemplates building expansions that would take up portions of their parking lot, we would be glad to work with them on redevelopment and property acquisition strategies in the area to help achieve those plans and improve their campus. We appreciate that IDI wishes to maintain or achieve a “desired visual aesthetic,” and we believe that our project, which will provide better boulevard access and develop a convergence of three modern walking and biking trails near their business, will enhance the overall value and aesthetic of their property.

FACT: Our project design does not require the company to relocate. In the unfortunate event that they end up leaving the city, it will be their choice and not anything that was forced upon them.

We do not want IDI to leave the City of Noblesville, and we remain committed to working with them to find an agreeable solution while moving forward with this vital infrastructure and public safety project. Transformational projects can be difficult and involve weighing impacts on various local interests in consideration of what will support the betterment of the community in the short- and long-term. We will always want to and strive to engage stakeholders to understand the impacts and considerations while being willing to make the difficult decisions that are in the best interests of the 65,000 people that hired me and count on me every day to look out for them, advocate for them, persevere for them, and stand up for them.

FACT: I was elected to represent the people of Noblesville, not one corporate partner over parking spaces.

Thoughtfully,
Mayor Chris Jensen

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault – it wasn’t something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Domestic violence and abuse are hard topics to discuss, so you don’t often hear about them. But at Tom Wood Volkswagen in Noblesville, we’re breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

Hoosier Republicans tend to climate policy

When I started my business in Carmel, a run for city council was not on the menu. But as the restaurant grew and I set down roots, I was compelled to give back and ensure the city would be just as hospitable – if not more – to residents in the years to come.

Now, with a growing family, I find in myself a similar drive to ensure the health of the environment at-large for their future. I'm lucky to find colleagues in Carmel who have long worked to be good stewards of the environment and have in turn made our city a statewide standout in sustainability and an example for municipalities nationwide.

More so, we are achieving dramatic results while

ADAM AASEN
Carmel City Councilor

still working from the conservative values that got us elected. In my previous post as a reporter in 2017, I witnessed Carmel become the first municipality in the state to pass a climate resilience and recovery resolution.

Our efforts, however, began much earlier. Under Republican Mayor Jim Brainard, Carmel has confidently been leading since the turn of the millennium – from a decade-long transition to LED to introducing green spaces and reengineering our traffic patterns to reduce carbon emissions by 26,000 tons in 2020 alone. Since taking office, a home-grown business has made Carmel among the first in the nation

to fuel part of our fleet with hydrogen energy.

For as much progress as we've made at home, I'm happy to see the work that has been done by Hoosiers in Washington as well. In his brief time in the upper body, Senator Mike Braun has sought to be a voice for the Republican Party on the environment. For example, he has led across the aisle to form a bipartisan caucus to evaluate climate solutions – the first of its kind in the Senate. Earlier this year, he turned that talk into policy by introducing the Growing Climate Solutions Act. It's a smart piece of bipartisan legislation that lets farmers reduce their climate footprint by opening private, voluntary markets allowing them to sequester carbon.

Smart solutions like this that work across the aisle are an excellent starting point

for the bipartisan future of work to address green energy and climate issues.

It's clear there is no one solution to address climate change, nor can it be addressed by the city of Carmel alone – we need partners in every party, in every state, in big cities and in rural towns. It's crucial that as our nation moves ahead together, we agree on policies that deliver results. It's up to conservatives to learn from those in the party already leading on the issue; support solutions with proven economic benefits, like clean energy; and take steps to ensure Indiana and the nation remain safe and abundant for our children and our children's children.

AG Hill urges Congress to pass extension for CARES Act funding

The REPORTER

Indiana Attorney General Curtis Hill has joined a coalition of attorneys general urging Congress to extend the Coronavirus Aid, Relief, and Economic Security (CARES) Act funding until the end of 2021.

In a letter, the attorneys general advise Congress that such an extension would give states and local communities additional time to utilize precious COVID-relief resources. Several measures that would enact this extension are already pending in both the U.S. House and U.S. Senate.

COVID-19 has negatively impacted nearly every facet of American society. In anticipation of

unprecedented costs and economic disruption stemming from the pandemic, Congress passed the CARES Act in March. The move provided more than \$2 trillion in economic stimulus to state and local governments in an effort to combat the impacts of the pandemic.

One of the restrictions placed on the funding, however, limits the money's use to expenses incurred between March 1, 2020, and Dec. 30, 2020.

"This time frame likely made sense in late March when the CARES Act was passed, but we have learned

Hill

a great deal about COVID-19 in the past seven months," the letter states. "Among other things, we know that the pandemic will continue to challenge communities well beyond Dec. 30, 2020 – a deadline that now seems unreasonable."

As the pandemic continues to set record infections, states and local communities will continue to incur COVID-related expenses next year. By extending the deadline, communities nationwide will be able to be more strategic with the use of CARES Act funds, the attorneys general said.

An Open Letter to Noblesville Mayor Chris Jensen

Dear Mayor Jensen,

On Thursday, November 12, representatives of Industrial Dielectrics, Inc. attended an open meeting of the Community Advisory Committee regarding the proposed East-West Corridor Project on Pleasant Street. Not one of the 20 or so people in attendance, other than the presenters hired by the Mayor, endorsed the City’s currently preferred route (Plan B-1), and many concerned questions were asked. At the conclusion of the meeting, the moderator said that the City would move forward at the next meeting to recommend Plan B-1, ignoring the entire discussion raised by the audience. It became clear that the City and its contractors had already made up their minds and had no genuine intent to consider legitimate issues raised or alternatives.

This roadway will be used, hopefully, for the next 100 years, and the “best” plan needs to be developed. Apparently, no consideration will be given to concerns raised in this regard. With all due respect, it is more important to do this right than to do this fast. We need to pick the right route.

IDI endorses an improvement to Pleasant Street, generally along the lines of the route presented, with the following exceptions:

- 1. Mayor Jensen and the City must take the time to study alternatives to the suggested B-1 route to find the best solution. We do not believe the impact of the recently adopted Historic District designation has been evaluated in any detail in the existing plan.
- 2. Several alternative routes have been suggested, including one by a current City Council member, which are better for the driving public, can be achieved with only one roundabout instead of two, and that have minimal displacement in the Historic District and to the IDI site.
- 3. Further study should be made of the new road’s alignment to avoid IDI having to move its worldwide headquarters. IDI currently employs almost 100 workers at this location at an average salary of \$73,000. IDI has plants in two other locations in the United States (Iowa and Montana) as well as in Puerto Rico, the United Kingdom, France, China and Mexico City. Since 2012, IDI has invested over \$15 million dollars in improving its Noblesville location, to make it a suitable headquarters for visitation by the Fortune 500 companies with whom IDI does business, and to make it a more inviting facility to the neighborhood. Plan B-1 makes IDI’s Noblesville operation unworkable.

IDI is proud of its Noblesville heritage, and to that end, has donated over \$1 million to community and civic projects in Noblesville over the last several years. However, IDI expects the City to promote the best solutions to problems like this. Rather than rushing through a plan that is flawed, why not take the time to consider other alternatives in light of the issues created by the new Historic District. Let’s work together to pick the right route.

Sincerely yours,

Tom Merrell, President and CEO

TODAY'S BIBLE READING

And from thence, when the brethren heard of us, they came to meet us as far as Appii forum, and The three taverns: whom when Paul saw, he thanked God, and took courage. And when we came to Rome, the centurion delivered the prisoners to the captain of the guard: but Paul was suffered to dwell by himself with a soldier that kept him. And it came to pass, that after three days Paul called the chief of the Jews together: and when they were come together, he said unto them, Men and brethren, though I have committed nothing against the people, or customs of our fathers, yet was I delivered prisoner from Jerusalem into the hands of the Romans. Who, when they had examined me, would have let me go, because there was no cause of death in me. But when the Jews spake against it, I was constrained to appeal unto Caesar; not that I had ought to accuse my nation of. For this cause therefore have I called for you, to see you, and to speak with you: because that for the hope of Israel I am bound with this chain. And they said unto him, We neither received letters out of Judaea concerning thee, neither any of the brethren that came shewed or spake any harm of thee. But we desire to hear of thee what thou thinkest: for as concerning this sect, we know that every where it is spoken against. And when they had appointed him a day, there came many to him into his lodging: to whom he expounded and testified the kingdom of God, persuading them concerning Jesus, both out of the law of Moses, and out of the prophets, from morning till evening.

Chase William Absher

May 15, 2011 – November 23, 2020

Chase William Absher, 9, passed away peacefully in his sleep on Monday, November 23, 2020 at his home in Fishers.

Chase brought joy to the lives of everyone he met. He will be best remembered for his smile that lit up a room, his dance moves that would entertain the crowd, his love of playing and watching all sports – especially when it came to the IU Hoosiers, and his enormous loving hugs. He touched

so many lives in his short nine years with us and will be missed by everyone who ever met him.

While Chase's life here with us has ended, he'll remain in our hearts and will be watching over us all as a guardian angel, especially for his twin sister, Kendall, who he shared a special bond with, and his parents, Brent and Dana (Boll) Absher. He is also survived by many loving aunts and uncles, Dan and Lyn Boll, Sewickley, Pa., Debbie (Boll) and Lyle Mueller, Chilton, Wis., Denise (Boll) and Rick Poelhuis, Newburgh, Ind., Dawn Boll-Beane, Bradenton, Fla., Dori (Boll) and Jim Mitchell, Westfield, David and Nicole Boll, Bedford, N.H., April (Absher) and Adam Dickey, New Albany, Ind.; 25 cousins; his maternal grandfather, Luke Boll (and Terri), Newburgh, Ind.; and his paternal grandparents, Alvin and Virginia Absher, New Albany, Ind.

Chase was preceded in death by his maternal grandmother, Lori Boll; a cousin, Kaiden Melton; and his puppy, Murphy.

Chase would want Kendall to know he will always take care of her. So in lieu of flowers, the family asks that you make donations to a fund for her future, in his memory. Please make checks payable to Kendall Absher and mail to Randall & Roberts Funeral Home, 1685 Westfield Road, Noblesville, IN 46062.

Visitation was held on Saturday, November 28, 2020 at Randall & Roberts Funeral Center, 1685 Westfield Road, Noblesville. Burial was at Oaklawn Memorial Gardens in Indianapolis. Private family services followed the visitation.

Teresa R. Thompson

January 29, 1957 – November 26, 2020

Teresa R. Thompson, 63, Noblesville, passed away on Thursday, November 26, 2020 at Allisonville Meadows in Fishers. She was born on January 29, 1957 to Marion Paul and Barbara (Nethers) York in Newark, Ohio.

For over 21 years, Teresa worked for the Hamilton County Recorder's Office; she loved her job and her co-workers. Teresa had the gift of gab and was very outgoing. She loved people and never met a stranger. Teresa enjoyed traveling, especially to Hawaii. She ran a daycare service when she was younger as she loved being around children. Teresa was a wonderful and devoted mother and wife who loved her family.

She is survived by her husband of 42 years, Max Thompson; daughter, Lindsey Rene Thompson; son, Joshua Max (Chanel) Thompson; grandchildren, Maxwell York Thompson, Graham Ward Thompson and Christian Lee Richardson; and her sister, Paula Diane (Ernie) Tharp.

In addition to her parents, Teresa was preceded in death by her brothers, Nelson Lee York and Albert "Tad" Allen York.

Private family services will be held with burial at Crownland Cemetery in Noblesville.

Dakotah Joseph Spurgeon

July 9, 1995 – November 24, 2020

Dakotah Joseph Spurgeon, 25, Sheridan, passed away on Tuesday, November 24, 2020. Born in Indianapolis on July 9, 1995, he was the son of David J. and April Dawn (Burnell) Spurgeon.

Dakotah was a 2014 graduate of North Montgomery High School in Crawfordsville. He was currently working as an operator with Waste Management at their Hamilton County transfer station.

Dakotah was 100 percent true country. He loved the outdoors and everything that went along with it. Hunting and fishing were some of his favorite activities, but he always made time for his animals. He loved his dogs and always looked forward to going horseback riding whenever he had the chance. He was also a pretty faithful Colts fan as well.

Dakotah is survived by his parents; maternal grandmother, Dottie Beard, Sheridan; and by his canine BFFs, Stormy and Lela.

He was preceded in death by his paternal grandparents, Paul Spurgeon and Wanda Spurgeon-Smith; and his maternal grandfather, Louis Burnell.

Private family services are being held at this time. Dakotah will be laid to rest at Crown View Cemetery in Sheridan. Pastor Bill Salsbery will be officiating. Memorial contributions may be presented to the Hamilton County Humane Society.

Arrangements have been entrusted to Kercheval Funeral Home in Sheridan.

Timothy Charles Chipman

October 27, 1969 – November 19, 2020

Timothy Charles Chipman, 51, Noblesville – our intelligent, sensitive, hilarious, athletic, competitive, "gentle protector" – died on November 19, 2020 due to complications from COVID-19.

Timothy was married to his wife and best friend Crystal for over 16 years and they shared a beautiful, loving bond strengthened by their love for their sons. Timothy was the extremely proud father of Richard Espinoza and Matthew Chipman to whom he was dad, coach, mentor and friend. Timothy loved coaching Richard in life and basketball, and Richard always made Timothy proud. Timothy and Matthew shared a bond, sense of humor, and an unspoken language between them that was remarkable to witness. Timothy was the warm, loving stalwart of our family who kept everyone together and "in the know."

He is profoundly missed by his mother, Christine Dunnagan; father, James Junkins; his siblings, Andrea Gregson, James H. Junkins, Jarrod Chipman and Aaron Chipman; his mother-in-law, Mary Orozco and her husband, Gabriel; his father-in-law, Nestor Griego; and a host of uncles, aunts, cousins, relatives, in-laws, and of course, many, many friends.

Timothy went out of his way to look out for others and the outpouring of love from everyone in his sphere of influence is proof that he not only loved deeply, but was deeply loved.

Due to COVID-19, there will be no service and the family has requested that donations be made to the family's medical fund at gofundme.com/f/tim-chipman-medical-fund in lieu of flowers.

The Chipman Family has entrusted Randall & Roberts Funeral Home with Timothy's care.

Highest point total in 10 years...

Fishers boys overwhelm Muncie Central

The Fishers boys basketball team had its best offensive performance in years on Tuesday, overwhelming Muncie Central 95-52 at the Tiger Den.

The 95 points that Fishers scored is the second-highest total since the school re-opened in 2006. The only game higher was the 102 points the Tigers scored when they beat Kankakee Valley on Jan. 2, 2010.

Fishers was in control from the beginning, leading 26-6 after the first quarter and 55-24 at halftime. Sean Millsaps had 12 points in the first half, including two 3-pointers. John Entezari and Lucas Prewitt also drained two first-half triples.

The Tigers led 73-39 after three quarters, outscoring the Bearcats in all four periods. Five different Fishers players reached double figures: Charlie Smith led with 18 points, followed by Millsaps with 17, Jeffrey Simmons and Matt Brewer with 11 each and Lucas Prewitt with 10.

Millsaps and Entezari both hit one more 3-pointer in the second half, giving them three each for the game. Bryce Williams and Prewitt both threw in two 3s.

Fishers is 2-0 and goes on the road for the first time this season on Friday. The Tigers play at Noblesville in the Hoosier Crossroads Conference opener for both teams.

'Hounds girls dealt first loss

By **RICHIE HALL**

CARMEL - The Carmel girls basketball team lost its first game of the season on Tuesday, as a 3-pointer at the buzzer sent Lawrence North past the Class 4A No. 1 Greyhounds 43-40.

The game was the first Metropolitan Conference game of the season for Carmel, which traded the lead with the Wildcats for the entire game. The 'Hounds were up 36-32 midway through the fourth quarter, but LN ended the contest on an 11-4 run. Two free throws by Sydnee Hughes tied the game at 40-40 with 47 seconds left, then Jayla Smith threw in the game-winning shot as the clock ran out.

"It's a tough one," said Carmel coach Erin Trimpe. "I thought we handled their pressure pretty well, for the most part. But we talked about it in the locker room: We got to learn to finish games and we got to learn to take care of the basketball and take smarter shots, and I really felt like we beat ourselves tonight with some bad turnovers and missed free throws, some bad shot selection. So, I thought overall, we handled the pressure pretty well. When it came down to needing to take care of it in that half-court, we just didn't handle it well."

The Greyhounds led 12-11 after the first quarter. Kate Clarke tossed in a 3-pointer for the last basket of the period, then Bridget Dunn opened the second period with a pair of free throws.

Smith hit a floater to tie the game at 19-19 with 2:16 left in the half. Carmel quickly jumped up 24-19 on a layin by Emily Roper and another triple from Clarke. But the Wildcats answered with a basket and 3 of their own, and the half-time score was 24-24.

The Greyhounds again tried to pull away in the third quarter, using a 6-0 run to lead 32-26. Riley Pennington hit two baskets, while Clarke made a couple of free throws. Carmel held on to the lead for the first part of the fourth quarter, with Pennington's layin getting the 'Hounds up 36-32. But Lawrence North began its run at that point.

Clarke scored 18 points, including three 3-pointers. Dunn earned a double-double of 13 points and 12 rebounds and also handed out four assists. Smith led all scorers with 23 points.

Carmel is now 4-1 and plays another MIC game Friday, at Warren Central.

"Our season's not over," said Trimpe. "We got, hopefully, a long season to go and one loss doesn't define us. We've got to figure out how to respond. Trimpe said her team needs "to have a short-term memory and come back tomorrow ready to go and get ready for Warren."
