Major conference on city planning this week in Carmel

The REPORTER

As the world begins to emerge from the pandemic, a unique gathering of city leaders and professionals from across the country and the globe is taking place this week as Carmel plays host to the 57th International Making Cities Livable (IMCL) Conference.

The conference has previously been held in places such as Freiburg, Germany; Charles-

ton, S.C.; Bristol, U.K.; Venice, Italy; Portland, Ore.; and San Francisco, Calif. This is the first time the conference has been held in Indiana. Carmel Mayor Jim Brainard has long been active in the IMCL and is a member of the Board of Stewards.

The conference will take place at the Palladium and Hotel Carmichael. About 200 people are currently signed up for the conference – coming

together to address forefront urban challenges in the livability laboratory of Carmel. This is the first major in-person conference on cities and towns since the pandemic began.

The conference will examine "livable cities (and suburbs) for ALL." Plenary speakers, breakouts, workshops, and tours and networking activities will provide the opportunity to city leaders and change agents to as-

sess this moment in history, and to examine the latest emerging tools and strategies to meet the new challenges. Among the tools and strategies to be considered are financial mechanisms, new codes and design standards, new models of planning and design, and new findings from the latest academic research.

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault – it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

Sen. Mike Braun condemns use of Critical Race Theory in K-12 schools

Submitted by Sen. Braun's Press Office

Senator Mike Braun (R-Ind.) has joined Senator Rick Scott's (R-Fla.) [resolution](#) with Senator Marsha Blackburn (R-Tenn.) condemning the use of Critical Race Theory in K-12 schools and teacher training.

Critical Race Theory is an academic concept based on the belief that systemic racism is the foundation of American society, highlighting the differences be-

tween Americans instead of what unites them.

In April, Senator Braun joined Senator Scott, Senate Republican Leader Mitch McConnell, and more than 30 of their colleagues in a [letter](#) to U.S. Secretary of Education Miguel Cardona requesting the withdrawal of the Department's "Proposed Priorities" on American history and civics education, which included the teaching of radical and divisive curriculum like Critical Race Theory.

"America's kids need to know that the fundamental values of our country are liberty, equality, and opportunity for all — not racism and oppression," Sen. Braun said. "I'm proud to join my colleagues in speaking out against divisive political agendas being pushed in our classrooms."

"Since America's founding, our nation has strived to

Braun

be a land of opportunity for all," Sen. Scott said. "While we cannot ignore the scars of our past, we also cannot tolerate the attempts of the woke left to weaponize our history in radical curriculums that teach our children to see America only for its worst days, and the American people only for their darkest hours. The far-left wants Americans to

believe that our nation is inherently racist and bad. They want to discredit the values America was founded on. They're wrong. We can't stand by and allow 'woke' liberals to divide our nation. Students in Florida and every state across this nation deserve better and I'm proud to lead my colleagues today in a resolution to stand up against this dangerous policy."

"Critical race theory has no place in American schools," Sen. Blackburn

said. "The tenets of critical race theory are based in the destructive ideal of inherent racism and will teach our children to judge and self-segregate based solely on skin color. In Tennessee, we believe in equality and opportunity for all. Students should not be discriminated against on the basis of race under any circumstances. This resolution is an important step to prevent the far left from pushing their radical political agenda in our classrooms."

Letter to the Editor

Shaffer: Carmel's debt expenditures should serve as a warning to county

Dear Editor:

Carmel's liberal progressive planners provided a preview of coming disaster in their 2020 annual financial reports.

This should be a warning to all Hamilton County politicians.

Forty percent of Carmel's public expenditures last year involved debt repayment. Normal principal and interest payments due totaled \$66.4 million, but the city paid off two underperforming bonds for \$190.3 million. The combined \$256.7 million

is 39.1 percent of total disbursements totaling \$656.2 million.

When a city of 101,068 pays a quarter-billion dollars in debt service in one year...

When a city of 101,068 has \$1.3 billion in stated debt...

When untold millions of that debt need to be refinanced...

Other cities and towns should rethink their borrowing plans as the Carmel Debt Spiral picks up steam.

Rep. Spartz, Indiana Farm Bureau host ag discussion at Stafford Farms in Tipton

Spartz: “Agriculture is a significant contributor to real wealth and real GDP in Indiana”

The REPORTER

Congresswoman Victoria Spartz (R-Ind.-05), along with Indiana Farm Bureau representatives, recently visited with farmers and agribusiness professionals from the Fifth District. The discussion centered on concerns about proposed tax increases by the Biden Administration, trade issues, environmental and conservation regulations, as well as federal and state initiatives underway to improve broadband access in rural communities.

“As a farmer, I greatly appreciate the hard work of our farmers to feed our nation,” Spartz said. “I also understand the real GDP value of agriculture in our state and country and how tax increases would impact small family farms. Proposals by the Biden Administration to raise taxes would lead to future consolidation in the industry as has happened in other sectors. I ap-

preciate Indiana Farm Bureau members taking time to meet with me to discuss their challenges and opportunities.”

Congresswoman Spartz provided an update on her work to advance rural broadband and expanded access to the U.S. 31 corridor for rural communities.

“Indiana Farm Bureau appreciates Rep. Victoria Spartz for meeting with INFB members at Stafford Farms in Tipton County,” said INFB President Randy Kron. “It was nice to hold an in-person roundtable, which provided an opportunity for INFB members to discuss important issues impacting Hoosier agriculture.”

Stafford Farms is a fourth-generation farming operation that produces corn, soybeans, wheat, contract seed corn, and contract seed beans across four Indiana counties. They also run a hog operation at their Tipton location.

TODAY'S BIBLE READING

In the same way, after supper he took the cup, saying, "This cup is the new covenant in my blood; do this, whenever you drink it, in remembrance of me." For whenever you eat this bread and drink this cup, you proclaim the Lord's death until he comes.

1 Corinthians 11:25-26 (NIV)

Annetta May (Ogle) Stone

August 8, 1938 – June 3, 2021

Annetta May (Ogle) Stone, 82, Sheridan, went to be with the Lord on Thursday, June 3, 2021. She was born in Noblesville on August 8, 1938 to Charlie and Mildred Ogle.

She attended Sheridan High School, where she met the love of her life, Billy Stone, and the two married at the Wesleyan Church on December 18, 1960. After high school, Annetta furthered her education through Marion and Indiana Wesleyan colleges, which eventually led to her obtaining her Master's degree through Butler University.

She loved her job as an English teacher and poured her heart into her lessons. Every chance she could help a child grow and develop she would take, inspiring curiosity in her students as they, in turn, bestowed her with a sense of accomplishment. She started her teaching career in the Westfield Public School System, which lasted for seven years, and eventually became a substitute teacher for the Sheridan Public School System, which she did for 20 years.

Throughout her life, she enjoyed the fellowship and sharing of faith brought on by the Northview Christian Church and the Six Points Wesleyan Church, and could often be found reading her Bible in preparation for her Bible Study group.

She was also a member of the Red Hat Society.

One of her favorite things to do was to travel across the United States with her kids, and during these excursions they would go camping, site seeing, and live in the moment together. Some of her fondest memories were from her travels to Texas and Alaska.

When she wasn't at Bible study or traveling, Annetta enjoyed reading, writing, working in her garden, and most importantly spending quality time with her family.

Left to cherish her memory are her children, Bruce (Diana) Stone, Fairland; Barry (Stephanie) Stone, Vincennes, and Brad Stone, Sheridan; sibling, Dale (Patricia) Ogle; grandchildren, Zachary, Kristin, Kaitlyn, Brent and Jackson Stone; and great-grandchild Miles Crider.

A funeral service will be held in her honor at 1 p.m. on Saturday, June 12, 2021 at Six Points Wesleyan Church, 1545 W. 226th St., Sheridan. Calling hours will be held at the church the same day from 11 a.m. to 1 p.m. After services have concluded, Annetta will be laid to rest in Crown View Cemetery. For those who will not be able to attend her service, there will be a Facebook live stream.

In lieu of flowers donation may be made in Annetta's name to Northview Christian Church, 12900 Hazel Dell Road, Carmel, IN 46033.

Everyone is invited to sign the online guest book, leave a condolence, or share a memory at fisherfunerals.com. Fisher Family Funeral services is honored to serve the Stone family.

Boys golf sectionals

'Hounds, Tigers get close championships

As the boys golf sectionals finished up in Indiana on Monday, Carmel had probably the closest sectional victory of all.

The Greyhounds needed a playoff to beat Zionsville to win the Westfield sectional Monday at Ulen Country Club in Lebanon. Both No. 2-ranked Carmel and No. 5 Zionsville finished with team scores of 295. Their fifth-man scores were identical, too, with both schools' golfers carding a 78.

So, the teams went to a playoff, and the Greyhounds triumphed on the second hole. With that, Carmel claimed its 15th sectional championship and first since 2017.

Sam Booth was the Greyhounds' low man with a 72, giving him fifth place individually, with Joe Armfield right behind him by scoring a 73. All five of the Carmel players finished in the 70s, and made at least two birdies. Booth had the most with five, followed by Jared Michael with four, Joe Armfield and Owen Sander with three each and Shoji Fujita with two.

No. 1-ranked Guerin Catholic placed third with 299 and will join Carmel and Zionsville at Thursday's Lake Central regional, which will be played at Sandy Pines Golf Club in Demotte. The Golden Eagles' Jacob Modleski was the individual medalist, winning a playoff after carding an even-par 70. Modleski had three birdies in his round.

Connor McNeely was next in line with a 74, including two birdies. Christian Hein and Leo Wessel both made one birdie.

Westfield, ranked No. 8, placed fourth with a 306. The Shamrocks took all three individual qualifying spots: Hunter Cook scored a 71 to take third place individually, followed by Alec Cesare with 74 and Nolan Hall with 79.

The Carmel boys golf team won the Westfield sectional championship Monday at Ulen Country Club in a very close finish. The Greyhounds beat Zionsville in the second hole of a playoff to claim the trophy.

Cesare led the birdie count with three, followed by Cook and Timmy Leonard with two each. Hall and Colin Nixon both made one birdie.

University scored a 398 to place seventh. Ben Ewer led the Trailblazers with an 88, making two birdies.

Sheridan had two players at the sectional. Tyler Garner scored 114 and Grant Ferren carded a 121.

On Monday, Fishers got to add another sport to the "first-ever sectional championship" list.

This time, it was boys golf. The No. 15-ranked Tigers claimed their inaugural trophy in that sport with a close win at the Noblesville sectional, which took place at Fox Prairie Golf Course. Fishers edged out No. 7-ranked Hamilton Southeastern by one stroke, 307-308, for the title.

"We knew it was going to be close," said Tigers coach Matt Mozingo. "They had our number pretty much all season. We got them one time, they got us three or four. It's a good, solid rivalry and we were fortunate to come out on top today."

Both teams also advanced to Thursday's Muncie Central regional, which takes place at The Players Club in Yorktown. They will be joined by Tipton,

which finished third by carding a 314. In addition, two Noblesville players qualified for the regional as individuals.

Fishers delivered consistent scores among its five golfers. Conner McMillan carded a 73, which gave him third place individually. Ryan Witt, the Tigers' No. 4 golfer, helped out with a 74. McMillan made one birdie, while Witt had two.

"So proud of Ryan today," said Mozingo. "He struggled with his putter most of the year and was hanging in the 79, 80 area, so he came back with a 74 today and was just awesome."

Matthew Albright's round of 79 included two birdies, while Will Schade's 81 included one birdie. Matt Wolf also carded an 81.

Southeastern's Lane Zedrick was the individual champion, finishing with a one-under par 70. The sophomore totaled three birdies in his round, which he said was his best round of the season and that he played "pretty well."

"I definitely have been working to get better," said Zedrick. "I've been on the edge of going under and today was the day."

Cole Starnes was right behind Zedrick with a 72, giving him individual runner-up honors. Starnes also had three birdies in his round. Tyler Lacy carded an 83, with one birdie.

Noblesville finished fourth as a team by scoring 320. The Millers' individual advancers are Will Peck with 77 and Drew Decker with 78. Lapel's Corbin Renihan took the third qualifying spot with an 80.

Perkins and Alex Peck (83) both totaled three birdies for Noblesville, while Decker and Rory Bushong (82) both had one.
