Advertiser Index

The following friends and supporters of The Reporter all stepped up in impressive ways to help us not only bring back full 4-H results in print this year, but also make it possible to give Hamilton County Harvest Food Bank's "Meating The Need" program their biggest single donation check ever (see page 44).

Without the support of the advertisers you will see in this 64-page publication, none of the Hamilton County 4-H participants would be getting any of the ink they deserve.

These pages are packed and stuffed with every photo and bit of information we could squeeze in, and it is only possible because of the deep sense of community and willingness to give back exhibited by these supporters. If you are reading this in print, you are holding a solid quarter pound of USDA prime cut locally-sourced 4-H news. Think about that.

Four ounces of ink and paper. 64 pages of memories of hot days, smiles, lessons and fun.

Thank you all for letting us once again be The Little Newspaper That Could ... *and does!*

Surprised & humbled by crown

Faith Hittle named Hamilton County's 2022 4-H Fair Queen

By **CRAIG ADKINS**

On Friday, July 8, 21 contestants took to the stage at the Hamilton County 4-H Fairgrounds in Noblesville for the 62nd annual Queen Pageant in hopes of being crowned.

The final name announced would be the new Hamilton County 4-H Fair Queen, Faith Hittle.

"As soon as he said contestant number 15, my jaw dropped because I wasn't expecting that," said a humbled, newly named fair queen, Faith Hittle.

"Last year, I was in the pageant, but I wasn't on court or anything," continued Hittle, who was pleasantly surprised in winning the title of queen.

This wasn't Hittle's first taste of being part of the Queen Pageant. This year, things took a turn in a great direction, and it will also pay dividends down the road.

"This year, I've grown a bunch and gained a lot of skills through interviews and other areas," Hittle told The Reporter. "I would say I was so happy. I looked at my mom and she was jumping up and down, so it just made me happy."

When asked how this experience with a group of 20 other girls who might not have known each other prior to entering into this contest, Hittle said she's made new friends.

"A couple of friends that I didn't even get on court, I've gained friendships," Hittle told The Reporter. "I'm so excited to stay in touch with them over the years. Even Brooke [Miller]

er] and Grace [Allee] — they are younger than me, but I have connections with them from school and past pageants."

Being a part of the group of 21 privileged participants is something that these young women will take and use for the rest of their lives. This will prepare them for numerous situations.

"By numerous standards, I will gain the experience of talking with older people in my internship," Hittle said, "because I've been able to talk to more people and gain experience of communication. I didn't have that before."

Hittle continued, "This is going to prepare me by responsibility, keeping up with my duties that I will have. I don't like talking about myself too much. I'm not a pride person."

Queen Faith's Court Prior to the announcement of the queen and her court, Miss Congeniality is awarded. This year, Miss Congeniality has been awarded to Laura Wertz.

Asking Wertz what the title of Miss Congeniality means to her, she beamed with absolute pride.

"To me, it's a term of endearment from my peers," Wertz said ecstatically. "Miss Congeniality means that you, as a person, represent kindness and compassion toward your friends and people that are around you."

Wertz continued, "Throughout the fair, I hope to embody that and be able to meet a lot of new people and spread happiness and joy."

One noticeable thing just before awards were announced was that all contestants joined hands in unity, showing they were there for each other no matter the outcome.

"I love all of the girls so much," Wertz said. "They are all just really kind and funny. I have had such an amazing time getting to know each and every one of them. It's just been a really cool experience and I encourage everyone that can, to participate in it."

The contestants were judged in three areas. Earlier in the day, they were

scored on their professional attire for their interview with the judges. Then, in front of a crowd of nearly 300, they were judged on their formal wear in evening gowns. This portion was based on their modeling, stage presence and poise they showed while being asked a question by pageant host Adam Good.

Also joining the 2022 Hamilton County 4-H Queen Court are 4th Runner-up Alexandra Matthews, 3rd Runner-up Brooke Miller, 2nd Runner-up Grace Allee and 1st Runner-up Anna Clark.

No elephants were harmed at this fair

Photos provided by Jon Brown
Hamilton County Superior Court 2 Judge Jonathan M. Brown and daughter Jane were rather enthusiastic about the elephant ears at the 4-H Fair. Jane seemed both very pleased to have one that was bigger than her head, then, later, stunned that she ate so much. It couldn't be helped, kiddo. Could have happened to anyone. Elephant ears are just too tasty!

Jim Buck's 4-H Fair bike giveaway makes young Westfield winner's day

Photo provided by Citizens for Buck
Indiana State Senator Jim Buck (R-Kokomo) donated a bicycle at the 4-H Fair, which was later given away in a free raffle. Senator Buck drew the winning name himself and presented the bike in person to Jackson Adams of Westfield.

Meating the Need together

Friends of The Reporter help Hamilton County Harvest Food Bank

The REPORTER

This spring, owners of The Reporter decided to bring back the tradition of printing comprehensive 4-H results in a special publication that would be filled with an abundance of color photos of 4-H kids and their projects.

Then, when Hamilton County Harvest Food Bank (HCHFB) Director Anita Hagen asked for help raising fund for the annual "Meating The Need" program, things got really interesting.

"After I spoke with Anita, I asked the other owners about donating a percentage of our advertising revenue to Meating the Need, and of course they all jumped at the chance," Reporter Publisher Stu Clampitt said. "When we spoke to community leaders and business owners about it, the response was overwhelming."

On Saturday, July 16, The Reporter presented a check to HCHFB to help feed families in need in Hamilton County. It was the largest single donation check the program has ever received.

"This is one of the biggest community-wide projects Hamilton County Harvest Food Bank leads each year and we are so proud of the 4-H families, donors, volunteers, and community spirit that make it all possible," Hagen told The Reporter. "Thank you again so very much for your extra effort in helping us with our Meating the Need donations this year! This additional \$3,000 will be

just phenomenal in helping to provide protein to the 24 pantries who will receive the meat this year."

Reporter Owner Ray Adler said the newspaper is just doing what it should.

"This is exactly what newspapers are supposed to do," Adler said. "Don't thank us. Thank everyone who said yes when we asked them to pitch in."

A total of 24,270 people in Hamilton County are food insecure, and 6,340 of them are children.

According to Hagen, the 24 pantries, all located in Hamilton County, who will receive fresh local hamburger and sausage from this year's Meating the Need project are located in every area of the county, from Carmel to Atlanta, Fishers to Sheridan and all points in between. Each will receive approximately 200 pounds of local meat.

"Meating the Need serves as the prime example of what communities can accomplish when people work together to do good things," Reporter Owner and Circulation Director Isaac Taylor said. "It's yet another reason why Hamilton County is special, and The Reporter is proud to be a part of it all."

"In 2022, over 33 donors have helped to fund this project," Hagen said. "This does not include the donors who have contributed through The Hamilton County Reporter. During the 4-H Fair I am reminded how farmers help feed the world, and how projects such as this can feed our neighbors."

Newspaper Owner Ray Adler hands a donation check to Hamilton County Harvest Food Bank Director Anita Hagen while Lloyd Long and one of his steers pose for The Reporter's camera.

In the six previous years of Meating the Need, 22,611 pounds of meat, or the equivalent of over 90,444 protein requirements for a meal, have been distributed to food pantries in Hamilton County. Last year was a new record of 4,825 pounds of meat. With this year's distribution they will surpass 100,000 portions of protein.

"One of the goals of our stewardship of the Reporter was to always give back to our community," Reporter Owner and Hoosier Weather Daddy Paul

Poteet said. "We are helping directly with our contribution, and of course we help by writing the story of those 'meating' needs in Hamilton County."

Hagen told The Reporter over 30 different 4-H members have participated in the Meating the Need program over the years, many of whom do so every year. Donations to this program will go towards the appraised market purchase price of the 4-H animals and to the 4-H members as they pursue their 4-H, education, and life goals.

"The Reporter is privileged to be able to support important programs like Meating the Need," Taylor said. "We make good on our commitments to the people of this county precisely because of the sense of responsibility we share with countless other conscientious businesses and organizations."

Hoosiers Feeding the Hungry takes care of the processing costs of the Meating the Need every year and has done so since its beginning.

The Reporter wants to stress that the HCHFB do-

nation check was not from the newspaper, but from the numerous people and businesses who gave their support to both bring 4-H results back to print, where they belong.

We think every 4-H kid deserves to have their name in the newspaper, and we hope you're enjoying this comprehensive 4-H results publication.

"Some days I really love this job," Reporter Publisher Stu Clampitt said. "I am deeply proud of this community for stepping up to help HCHFB and Hamilton County 4-H."

Horse arena proves to be mane attraction at 4-H Fair

Explaining some common 4-H terms

4-H Record of Achievement

It is very important that members have a current record, as this is how 4-H'ers are selected for trips, awards, and scholarships.

Record Book Completion

A 4-H member is considered complete in their project work if they have "completed" their project book record sheet(s).

It is the responsibility of the 4-H leaders to review the project books and contact the Extension Office prior to the 4-H project judging if a member is incomplete. The project record books should be neat and completed. The degree of completion will vary with the age of the member. There may be areas that the 4-H member cannot complete; an explanation should be given for this blank space (you may have to discuss this with your leader). Discuss the activities you have completed on your project(s) with your adult leader. Please remember, a project with an incomplete project record sheet cannot be considered for a champion.

It is important that all 4-H volunteers are consistent in reporting incompletes. When you are in doubt, please do not hesitate to contact the Extension Office. There is an electronic version on the website at extension.purdue.edu/hamilton.

4-H Project

A project has been described as a "piece of the world's work which I have chosen to do during this 4-H year. When completed, it will represent ME – my thinking, my skill of hands, my work ideals . . . my very best."

4-H uses the project as a tool to accomplish its major task . . . the development of boys and girls. It allows young people to "learn by doing." Its learning experiences expose young people to the knowledge, understanding, skills, and expected behavior of the particular area of interest chosen. The project provides for individualized learning.

The actual project work is done by the member, usually at home – familiar spaces become the laboratory or workshop of informal education. A member may com-

plete several items related to a project area.

Subject Areas

Each project covers a definite subject area. The project may be divided into as many as 10 different divisions where the member completes one project division each year enrolled. The project advances from simple skills and information in later divisions. The member builds on prior learning at a pace appropriate to the individual 4-H'er, usually based on the member's grade in school.

Project Manuals

A 4-H project manual contains help, information and direction needed to complete the project. Some projects have a manual for each division of the project. Others have one manual that the member uses throughout his 4-H career.

Project Records

Most projects have a record sheet which the 4-H'er uses to record the project expenses, income, work completed, and progress made in developing the project. Most re-

cords are simple, while others require the help of parents or the club leader. Keeping up-to-date records is important to tell your project story.

Project Ribbons

What do the ribbon colors mean?

The Danish system uses color to signify different award levels. The 4-H Youth Development program awards ribbons in these colors:

- **Purple (Superior):** A purple is awarded to those entries that far exceed the average standard or meet the standards established for that particular class. This award indicates a near perfect exhibit.
- **Blue (Excellent):** A blue is awarded to those entries that exceed the average standard. This award indicates a certain degree of excellence that exceeds the average expectation and may be given to multiple participants.
- **Red (Good):** A red is awarded to those entries that meet the average standard or are slightly below the average standard established for that respective class. The general level of accomplishment meets ex-

pectations, but is less than excellent. Shortcomings are found in certain aspects to cause this ranking.

- **White (Fair):** A white is awarded to those entries that do not meet average standard. The level of accomplishment is less than expected. A ranking of white is deserved due to the severe shortcomings from the good standard.
- **Green (Participation):** A green is awarded when required components or pieces are missing from the exhibit.

Project Exhibit

Exhibits are required for most projects. This represents the member's year of work, and is usually displayed and judged (evaluated) at the County 4-H Fair. Parents should provide the "parent helper" role of offering encouragement and advice, but the exhibit should represent the member's skills and knowledge learned in the project. Remember, this exhibit is a small representation of what the 4-H member has learned through the 4-H process.

4-H Exhibit Judging

The exhibit judging is an evaluation held during the 4-H Fair. The evaluation serves as a learning experience for the youth. The exhibit is only one measure of success and achievement. Members experience self-recognition, self-satisfaction, and the feeling of success and accomplishment as they complete and exhibit a project at the Hamilton County 4-H Fair. As you prepare for the 4-H project judging, discuss the goals and procedures for the event with 4-H members in your club.

Workshops

We all learn more quickly by listening, seeing and doing. Workshops are held at the county level with resource leaders each year as needed. You are encouraged to take advantage of this learning opportunity. Leaders and parents are always welcome to attend. Workshop dates and locations will be announced in the newsletter. Several areas also have workshops at local schools; contact your area leader for the dates. A workshop can also be held at the local club.

4-H: A different kind of youth organization

What is 4-H?

4-H is a leader in youth development, which began on the local level in response to evolving needs for new kinds of educational experiences for youth. From the beginning, this youth-serving organization offered “hands-on” learning activities for young people so they might become productive citizens. Youth participants in 4-H activities have opportunities to offer positive contributions to our diverse and changing society.

4-H uses the far-reaching Cooperative Extension System network to offer youth programs and activities to diverse groups of young people in all 3,150 counties across our country.

What is the 4-H Youth Development Education program?

The 4-H Youth Development Education program provides co-educational “hands-on” learning experiences in subject areas of interest to youth. Young people who participate in 4-H programs develop citizenship awareness and leadership skills as they learn about new subject areas. Kids in 4-H have fun while they learn! Non-formal educational activities help

young people fully develop their skills and talents. While they are learning about photography, the environment, job skills, or public speaking, young people practice a variety of skills in 4-H that will last a lifetime.

How did 4-H evolve?

4-H began as a simultaneous response to needs throughout the country, rather than as the idea of one individual. The basis for this activity was to offer agricultural education to rural youth by organizing boys and girls clubs and through “learning by doing.”

Is there a 4-H program in my community?

There are Cooperative Extension 4-H staff in nearly all 3,150 counties across the United States. The county 4-H staff help people in local communities by providing information about projects and programs. They can tell you about fun and interesting “hands-on” learning opportunities available for youth in your community.

History of 4-H

4-H in Indiana was started in Hamilton County. In 1904, John Haines, Superintendent of Hamilton County Schools, held a

meeting for boys interested in learning to grow corn. Mr. Haines visited the project sites, held two instructional meetings, and had his members exhibit their projects at the end of the year. Mr. Haines was credited with planning the first junior club in Indiana. In 1912, girls project clubs were added, and in 1918, the club program became a part of the Agricultural Extension Program.

The mission of 4-H

The mission of today’s 4-H is to help youth and volunteers in their development through experiential educational programs, using the knowledge and educational base of Purdue University and the United States Department of Agriculture. It is accomplished through direct involvement of youth, adults, and the community. 4-H educational programs are designed to empower young people to become independent and participating members of their family and community by creating experiences to build self-confidence, developing inquiring minds, encouraging interpersonal cooperation, developing concern for the community, and teaching decision-making through real life participation.

4-H kids paws fur purr-fect pictures

Reporter photos by John Geiger

Cats can seem a little judgmental, but in this case, they were the ones being judged! While The Reporter's photographer neglected to get the names of these youngsters (maybe he was distracted by laser pointers or nip), there was no way we were going to exclude them from this publication. After all, two of The Reporter's owners live with cats. Our publisher even said, "You get those cats pics on these pages right MEOW!" Cat show results are included in the comprehensive alphabetical-by-last-name list on pages 6 through 40.

Pocket pets & humans in hamster balls

Reporter photos by John Geiger
Let's just not tell the cats on page 60 that these little guys are over here, shall we? (Above) For those who wonder what it might be like for the animals on exhibit instead of the exhibitors, the human hamster ball area was a popular stop. "Human hamster ball" may not be what it was called, but it should have been. (Left from top) 4-H Pocket Pets participants Vivian Henry with Steve the hamster; Ryan Norris with a leopard gecko; Azalia Davidson with a rabbit; Hilly Bates with a Guinea pig. (Clockwise from right) Luke Raines, Emily Kipp and Helen Koch participate in the Rabbit Judging competition.

The good, the bad and the sour

Not all ice creams are created equal. (Left) At the 2021 4-H fair, one super-sour entry completely baffled judges Steve Schwartz and Sue Maki. (Right) This year things went much better, as the smiling faces of judges Chris Jensen, Dan Stevens, and Steve Schwartz clearly show. In both cases, judging was in front of the HCTV van.

People behind the scenes who made this fair great

By **STU CLAMPITT**
news@ReadTheReporter.com

While the purpose of this publication was to give the young people involved in 4-H the press they dearly deserve, there are many people who worked long, thankless hours to make this fair happen.

They are thankless no lon-

ger! Thank you to everyone behind the scenes who cooked, served, planned, organized, complied and logged data.

No, not all of them are on this page. To every parent who drove kids to the fair, every person who took photos and shared them with us, who dealt with sweltering hot days

and more than a few disgruntled fairgoers, to the Westfield and Noblesville Lions, to the public safety workers and office staff and everyone involved: THANK YOU!

To the advertisers who made this publication possible, thank you so much.

A special Hamilton County

Hometown Newspaper thanks goes out to Georgia Marshall. You have no idea how much work she put in getting us all the data in here, and she did it in record time this year. Every kid's name on every page of results came across her desk. Well done, Georgia.

Let's all take a break now.

Grilling meat at the 4-H fair? That's all you had to say!

Robinson not only donated her time, she also helped make this publication possible, thus helping with The Reporter's donation to Meeting the Need, and she sponsored a day at the fair. Way to give back!

Bryan Melton, and Marty Braley of the Sheriff's Citizens Academy were kind enough to take a moment to pose for The Reporter's camera.

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County (nearly 80 percent of clients are women and children). Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.
