Members of the Hamilton Heights High School Drama Department cordially invite the community to attend its live production of the comedy-murder mystery *Murder Runs in the Family* by Pat Cook. This year's play is being directed by Hamilton Heights Theatre teacher Brooks Myers in collaboration with her theatre class.

Jack Sparks, a wise-cracking detective, takes on the job of protecting Heather Pallfeather, whose father just died rather mysteriously. The will is to be read at midnight, but which "will" will it be? The one switched by the ex-con son-in-law? Or the one switched by the crazy aunt? Even the butler

1988: catfishing with The King

In the late 1980s, when I was a cub reporter fresh out of J-School in southern Indiana, a wave of Elvis Presley sightings was reported in the U.S., a disturbing thought considering The King had presumably died on the toilet in Memphis in 1977.

Top journalistic publications like *National Enquirer*, *Weekly World News* and others profited from the mass hysteria of the moment by resurrecting Elvis and making him a news rag cover king once again. I scoffed at such lowbrow reporting until . . .

I fished with Elvis yesterday.
That's what he does a lot now.
He fishes.
Said he likes to spend time in the outdoors, away from everybody, away from it all.
I know what you mean, I said. It's why I fish.
I offered Elvis a beer. He declined.
Said he doesn't touch the stuff anymore.

No injuries in Westfield school bus accident

The REPORTER

At approximately 8:15 a.m. Friday, Westfield Washington Schools bus No. 44 and a truck towing a backhoe collided at the intersection of 193rd Street and Mule Barn Road.

Westfield Fire Department assessed all people at the scene and determined that there were no injuries to the 21 students and the two drivers involved. Out of an abundance of caution, three students and the bus driver were taken to hospital for assessment but were released without injury.

A separate bus transported the students to school from the scene of the collision. Families of the students were notified of the incident.

Don't forget to turn your clocks back tonight . . . and it's a great time to check your smoke alarms!

THE KING

from Page 1

If I died, I probably wouldn't touch the stuff either, I said.

He laughed. A joke between Elvis and me.

I was fishing for catfish. I put raw chicken livers on large hooks. Elvis wasn't fishing for anything but peace. He had nothing on his hook but water.

Said he doesn't go to bait stores anymore. People have started recognizing him out in public more and more.

Said this upsets him a little because he likes to fish.

Peace is fine though. He had a stringer full of peace now. He showed it to me, an empty stringer dripping with water.

Elvis, I said. The cats aren't biting, but you are welcome to use my liver.

Thanks, he said.

I ended up putting the slimy stuff on his bare hook for him. He couldn't get it to stay on properly. He was out of practice – a long time had passed since Tupelo ... and Memphis for that matter. Every time he cast his line, the liver would fly everywhere. Some dropped to his shoulder and oozed down his Red Man T-shirt.

I baited a hook for Elvis yesterday.

Elvis really didn't say much. Unless, of course, to answer questions. I don't think he really wanted me around. But what the hay, this was The King, and although I didn't like his movies, I felt it was my duty to keep this lonely man company on the riverbank.

I asked him to sing
"Hound Dog."

Said he can't. Said he doesn't sing the old songs anymore. Otherwise, it gives him the itch to end this whole charade, return to the stage and to the lights and to the adoration. And to the women. Lordy, the women. Don't get me started on the ladies, he said.

Said if he ever returned to that madness, it would kill him all over again, once and for all.

How about a little "Heartbreak Hotel?" I asked.

I can't, he said. I don't expect you to understand.

I understand, I said.

What do you do for a living, Elvis asked.

I told him. Without thinking, I told him that I'm a reporter.

Elvis looked away.

Look, I'm not with the *Enquirer* or any of those crap publications, I said. I don't go around writing about four-headed snake women from Mars ... although I did date one once. And I won't go around saying Elvis is alive when he really isn't.

I think I dated one of those once too, he said. Wait, I thought she was from Venus.

Elvis felt a big tug on his line, but it was just the river's current, not a mud cat, messing with him.

So what do dead people drive, I asked.

Said he drives one of those big trucks that stand about 20 feet in the air. Gunrack on the rear window. Skoal bumper stickers. Southern Indiana camouflage.

I can't believe it, I said. Elvis is disguised as a red-neck.

Hey, it has worked for the most part, he said.

But his disappearing act was wearing thin. People were starting to catch on. Once again his face was looking back at us from the magazine racks of drug-stores and supermarkets, bringing The King back to life.

Does it bother you, I asked.

Elvis began reeling his line in. Said it's time to go back to his truck and keep one foot ahead of the press.

He stood up from the muddy bank, but before calling it a day, he let me in on a secret.

Said he knew I was a reporter all along. Said he has been in the area for a couple of weeks and had seen my columns. Said I have the ability to write stories that no one knows whether they are true or not. Said he likes that about me.

He yawned. I've got to get to bowling league, he said.

He stood. Said, you know that question you asked me? Do I mind all these stories being written about me again?

Yes, I said.

It's nice to be remembered, he said. Do me a favor though. Don't write about this fishing trip, OK?

Don't worry, Elvis.

He winked. I winked.

I lied to Elvis yesterday.

He knew I would.

All about Honkai Star Rail

By **JOHNATHAN POPIELA**
Sheridan High School Student

This column is brought to readers by Sheridan High School dual-credit program students and Human Services teacher Abby Williams.

The game Honkai Star Rail is a semi-open world game where you can play as different characters from across the galaxy in the Honkai Star Rail Universe. There are multiple places to visit currently in the game and players start off at the Herta Space Station. Then, after bringing peace to the space station, you go to Jarilo VI.

The place where the main character first visits in Jarilo VI is the city of Belebog and it has two major parts: the Overworld and the Underworld. Afterwards, you bring peace to Belebog and Jarilo VI with the help of Seele, Natasha, Bronya, Serval, March 7th, and Dan Heng. After you save the planet on your way to the next planet Penacony, you get sidetracked because the main villains are the Stellaron Hunters, and they want you to go to the Xianzhou Loufu. Then the entire main cast takes a vote to see if you go to the Loufu. The results say that you go to the Loufu to bring peace to the place. It turns out that the Stellaron Hunters lured you to the Loufu for one of them to take revenge on Dan Heng.

As you explore the Lou-

Graphic provided

fu, you are rejected multiple times by the people of the Loufu to help with the Stellaron crisis. You also end up having multiple encounters with Kafka, who enacts the will of Elio who sees the future and is the leader of the Stellaron Hunters. Later, Kafka is captured by the people of the Loufu and is put into the Matrix of Prescience to reveal why she is there.

The Loufu is being attacked by the Stellaron and it summons powers of Yaoshi, which takes the form of a deer. You then have to fight the deer but you end up not being able to defeat it because of its incredible healing ability. You proceed to then go to different nearby regions to “cut the roots” of the tree from where the deer came from. You then have to go back and defeat the deer. After a long and difficult battle against the deer, the leaders of the Loufu finally

recognize your strength.

The Loufu then sends you on a journey to the alchemy commission because there are immortality fumes that make long life species become mara struck faster and sooner, which means to take the form of a mindless abomination. After you have stopped the fumes from spreading all over the alchemy commission, the real reason that The Stellaron Hunter’s persuaded you to go to the Loufu instead of Penacony is revealed. Phantylia the Undying is revealed by ending her possession of Tingyun.

At the same time, Dan Heng is making way to the Stellaron Hunters for Blade to fulfill his revenge. Once Dan Heng gets to the shore with the Stellaron Hunters, he realizes that there are only two of the Stellaron Hunters there, Blade and Kafka. Kafka then allows Blade to have “The Mara”

take control of him and to start his “revenge” on Dan Heng. Then before everything happens Yanqing shows up and joins in the fight with Dan Heng.

The fight then begins and Dan Heng loses by revealing his true identity: Dan Heng Imbibitor Lunae. Dan Heng Imbibitor Lunae then sides with Blade to defeat Yanqing. Jing Yuan and Bailu show up just at the end of the battle between Dan Heng Imbibitor Lunae and Blade against Yanqing. Dan Heng Imbibitor Lunae, after some convincing by everyone who was there, decides to split the waters at Scalgourge Waterscape to defeat Phantylia. After a long, tedious battle against Phantylia, with the help of Jing Yuan you defeat Phantylia and manage to prevent any more of the creature’s that worship Phantylia from being in the Loufu again.

What is behind the Medicare Advantage lawsuits?

It’s not uncommon for a Medicare client to bring in a newspaper article about Medicare Advantage company being sued by the government to our appointment. The client usually proclaims he doesn’t

want to work with that company. Fair enough, but I have to then explain that almost every Medicare Advantage company has a similar suit pending. If you want to work with an insurance company without any pending lawsuits, I’ll have a very hard time accommodating you.

Medicare Advantage, private Medicare, has a complicated history. It was meant to keep costs down and bring extra benefits to Medicare beneficiaries. When legislators introduced an opportunity for companies to get paid more money for sicker and lower-income patients, the companies went for the opportunity. So-called “risk adjustments” mean that if the company knows you have a lot of chronic conditions, they can get more money to take care of you. The lawsuits allege that companies started just assuming people were sicker when they were low-income. In general, that population of people does tend to have more chronic medical conditions.

If you enroll into a Medicare Advantage plan for the first time, the company is prohibited to ask you about your health as a basis for enroll-

ment. They must take anyone on Medicare that lives in the service area. The insurance company then has to wait until you see a doctor to find out if you have diabetes, congestive heart failure, kidney disease. Once

they know, they will eventually get paid more monthly to have you on their plan. But the government lags behind, so insurance companies got creative and extrapolated that their members were not all healthy.

It is unusual to have Medicare and be on Medicaid and be in perfect health. Most people have several conditions, and you can’t blame the insurance companies for wanting to be paid now for work they will be doing now, rather than waiting a few years.

How the insurance companies and the government work out payment really doesn’t impact you, the member. Research has consistently shown that Medicare Advantage members have a high level of customer satisfaction, often citing the extra benefits not found in government Medicare. You can’t turn on a TV during the daytime without hearing about the rich dental, vision, hearing and other benefits that may be available in your area.

I tell my client who brings in the news article about any insurance company lawsuit: “My job is

to help you find the insurance that you feel the most comfortable with. There is no ‘best plan’ and I’ll show you many options available in your ZIP code. If you are uncomfortable working with X company because of their pending litigation, but they offer the richest benefits and lowest prices in your area – at least you have all the information and you can make the decision.”

If your ethics prevent you from working with X company, you need to know that almost every company is in the same boat. If you want to pay more for less benefits for the one, small company that hasn’t (yet) been snared in the risk adjustment upcoding mess, I’ll happily help you enroll. But the decision

is an informed decision, that you have to make.

Does this mean that Medicare Supplement companies (often a different division of the above companies) are more ethical? Not necessarily. Google how many companies have denied ER visits because they deemed that you didn’t have a true emergency. Many Medicare Supplement companies are caught up in this imbroglio. My goal is to get you good coverage and let the litigation play out of its own.

Living memorials

November brings about many things: falling leaves, cooler weather, and every grocery store having all their chicken stock sold out.

But November also brings Veterans Day. What was originally known as Armistice Day, marking the end of the First World War, the purposefully ceremonial date and time of 11 o'clock on November 11 brought an anticlimactic end to a tragically horrendous war, where shelling continued until the very last second – despite that the document providing the ceasefire was agreed upon and signed a few minutes prior to 6 o'clock that morning. The Veterans Day we know today was put into effect in 1954, when the word “Armistice” was replaced with “Veterans.” It was later established as a federal holiday the same year.

Distinguishing between Veterans Day and Memorial Day can be confusing for some folks. They are both federal holidays and both revolve around military service. The difference is whom you are garnering respect towards. Memorial Day is in memory of those of made the greatest sacrifice. Veterans Day is for those who bore witness to those sacrifices.

I, by no means, am the first person to write about Veterans Day or differentiating the two holidays. However, while roaming Noblesville, I stumbled across the memorial to fallen servicemembers that sits between the old county courthouse and the Hamilton County Government and Judicial Center.

After reflecting on the names etched in stone, what occurred to me was the absence of names that never

Reporter photo by Hayden Parsons
The memorial to Hamilton County's fallen servicemembers can be found between the Historic Courthouse and the Government and Judicial Center in downtown Noblesville.

would be engraved: the veterans.

On Memorial Day, we gather at cemeteries, public parks, statues, and memorials to give our due respect to the fallen. For Veterans Day, most of us will simply enjoy a day off work and spout a quick “thank you for your service,” to someone wearing a military veteran hat.

But as I pondered the two holidays, I realized that we do visit memorials on Veterans Day. The bitter-sweet reality is that the men and women hosting these ceremonies every year – the members of your local American Legion or VFW Posts – are living memorials themselves. They represent a different type of sacrifice. They are the ones who are burdened with bringing the memory back to us. This revelation makes the phrase “Happy Veterans Day” mildly oxymoronic. While no veteran will likely complain about getting a free stack of pancakes at IHOP (if that is still being offered) among the other sporadic perks exclusive to the day, those same veterans won't

complain about the weight they carry the remaining 364 days of the year.

Don't take this column as one person's outcry to belittle the public's enjoyment of a holiday. By all means, if you have the day off, enjoy the long weekend to its fullest extent (**safely**). Don't be afraid to thank that veteran for their service (and a tip for you veterans/servicemembers out there: a good reply that takes away the awkward silence or “uh, thanks,” is to say “thank you for your support”). Just remember, when you offer that handshake, you're not just acknowledging a person, you're experiencing Hamilton County's living memorials.

And to the living memorials out there who may be reading this column: a heartfelt thanks to you for your experiences that made you a living memorial. After all, one experience may not define a person, but a person is nothing more than the sum of their experiences.

Cicero native wins award for investigative journalism from New Mexico Press Association

Submitted

Cicero native and Hamilton Heights graduate Nicholas Gilmore won first place in investigative reporting at the New Mexico Press Association awards on Oct. 28.

Gilmore is a reporter at the *Santa Fe New Mexican* newspaper, covering public safety and utilities. He won the award for a recent months-long investigative series about two low-income apartment complexes in nearby Española, N.M., one of which was slated for closure after lax oversight from the U.S. Department of Agriculture's housing program.

Local housing advocates credited Gilmore's reporting for helping to shine a spotlight on substandard housing conditions experienced by some of the community's poorest residents who receive assistance from the USDA's Rural Development housing program, including the elderly, disabled and military veterans. He also helped to spur the federal agency to take action to halt an out-of-state landlord's attempt to evict dozens of tenants with less than one month's notice.

Gilmore also contributed to a recent series in *The*

A new recycling program at the Carmel Christkindlmarkt will aim to reduce the Market's landfill impact by upwards of 30 percent – almost 200 cubic yards – thanks to a \$20,000 grant from Duke Energy and a \$5,000 grant from Hamilton County Tourism, Inc.

New this year, the Market will have 30 recycling bins for guests to use when they visit, along with facts about recycling in Germany that will be posted around the Market. For example, in the 1970s, Germany had more than 50,000 landfills. Today, they have zero active landfills.

"We appreciate the opportunity to partner with Carmel Christkindlmarkt to bring a recycling focus

to this year's event," said Mark LaBarr, government and community relations manager at Duke Energy. "By supporting the purchase of these recycling receptacles, we hope to help reduce the amount of recyclable waste that ends up in a landfill during this year's festivities. This sponsorship is just one small way we can help protect our environment and make a positive impact on the well-being of our customers."

Carmel Christkindlmarkt CEO Maria Murphy said recycling aligns with the organization's mission around German cultural awareness and education.

"While living in Germany, it was striking to me the seamless way in which recycling was a part of the cultural norm for German families," Murphy said. "The systems they have in place and the positive impact those systems are having on the environment is remarkable. My hope is to mirror those efforts one small step at a time here at the Carmel Christkindlmarkt. I'm so grateful to Duke Energy and Hamilton County Tourism for partnering with us to make this endeavor possible."

While the recycling re-

ceptacles are new this year, the Market staff plan to reuse them for years to come, encouraging guests to recycle all the cans, cardboard and more that result from purchases at the Market. In 2022 for example, the Market sold nearly 15,000 canned beverages. This year, the hope is that most if not all of those will be recycled. The Market also hopes to expand this program in the future.

"The Carmel Christkindlmarkt's new recycling program perfectly aligns with Hamilton County's Tourism commitment to environmental sustainability," said Sarah Buckner, assistant director of community engagement for Hamilton County Tourism, Inc. "By supporting responsible waste management practices, we can enhance the overall experience for attendees while reducing our impact on the environment."

The Market opens for the season on Nov. 18. To learn more about the Carmel Christkindlmarkt and see all the official hours, please visit CarmelChristkindlmarkt.com.

Communities in Senate District 31 receive over \$1.2M in road-funding grants

The REPORTER

Communities in Senate District 31 will receive more than \$1.2 million to improve roads and bridges through the **Community Crossings Matching Grant Program** (CCMG), State Sen. Kyle Walker (R-Lawrence) said.

The CCMG, established by the **Indiana General Assembly** in 2016, aims to advance community infrastructure projects, strengthen local transportation networks, and improve Indiana's roads and bridges. Since its enactment, the program has awarded nearly \$1.5 billion in state matching funds for local construction projects.

In Senate District 31, Hamilton County received \$248,350.66 and Indianapolis received \$1 million.

"By utilizing this great opportunity, local leaders in Hamilton County and Indianapolis continue to make infrastructure and citizen safety a top priority," Walker said. "This funding will help build a stronger trans-

portation network that ensures easy and smooth travel through our community."

Through the program, the **Indiana Department of Transportation** matches up to \$1 million annually when localities invest in road and bridge repairs. Counties with populations fewer than 50,000 and cities and towns with populations fewer than 10,000 receive a 75 percent/25 percent match, while counties with populations greater than 50,000 and cities and towns with populations greater than 10,000 receive a 50 percent/50 percent match.

The CCMG offers two rounds of applications each year, with the next call for applications occurring in January 2024.

Penrod Society grant allows Central Indiana Dance Ensemble to partner with Zionsville Community Schools to host free showing of *The Nutcracker*

The REPORTER

Central Indiana Dance Ensemble (CIDE) has announced a partnership, via a grant from the Penrod Society, with Zionsville Community Schools, Special Projects Division, to host a free school showing of the timeless holiday classic, *The Nutcracker*, sponsored by Pathways Learning Academy and The Children's Courtyard, at 10 a.m. on Dec. 1 at the Star Bank Performing Arts Center in Zionsville.

By giving this grant, The Penrod Society, known for its dedicated support of the arts and cultural enrichment, has recognized CIDE's commitment to artistic excellence and community engagement. CIDE was honored to be one of over 70 arts organizations to receive funding at an awards breakfast this past spring.

"I am appreciative of the Penrod Society Grant Award ceremony," Co-Artistic Director Michael Casey Clark said. "It was so encouraging to see all the hard-working arts organizations supported in our collective efforts to keep the arts a part of the fabric of central Indiana."

CIDE hopes the free performance of *The Nutcracker* will fulfill a need in the community to provide access to the performing arts to school-aged children, and that for students who attend *The Nutcracker*, this performance will serve as the first

of many experiences with the performing arts.

"Each year Central Indiana Dance Ensemble is pleased to invite students from local schools to attend a performance of *The Nutcracker*," Friends of CIDE Co-Chair Brittany Hillbush said. "We believe there is great value in exposing children to the arts, and we are proud to extend this opportunity to schools at no cost. It is the first time many of these students have seen *The Nutcracker*, and experi-

encing their excitement with them is a great way to start our Nutcracker season."

Clark added, "We greatly appreciate the ongoing support of the Penrod Society. This grant allows us to continue our (CIDE) mission of bringing ballet, dance, and theater to underserved parts of our community."

On behalf of Artistic Directors, Board, and supporters, CIDE is grateful for the opportunity to work together with The Penrod Society, Zionsville Schools,

and Star Performing Arts Center towards the shared goal to cultivate, encourage and develop public interest in support of the arts in central Indiana.

Schools wishing to take part can request more details by contacting Brittany Hillbush via email at info@cidedance.org. CIDE will stage four public shows of *The Nutcracker* from Dec. 1 to 3 at the Star Bank Performing Arts Center in Zionsville. Tickets are available at cidedance.org.

What should you know about RMDs?

You may spend decades contributing to various retirement accounts. But for some accounts, such as a traditional IRA and 401(k), you must start withdrawing funds at a certain point. What should you know about this requirement?

To begin with, the rules governing these withdrawals — technically called required minimum distributions, or RMDs — have changed recently. For many years, individuals had to begin taking their RMDs (which are based on the account balance and the IRS' life expectancy factor) when they turned 70½. The original SECURE Act of 2019 raised this age to 72, and SE-

COLUMNIST

COREY SYLVESTER
Cicero Edward Jones

CURE 2.0, passed in 2022, raised it again, to 73. (If you turned 73 in 2023, and you were 72 in 2022 when the RMD limit was still 72, you should have taken your first RMD for 2022 by April 1 of this year. You will then need to take your 2023 RMD by Dec. 31. And going forward, you'll also need to take your RMDs by the end of every year.)

Not all retirement accounts are subject to RMDs. They aren't required for a Roth IRA, and, starting in 2024, won't be required for a Roth 401(k) or 403(b) plan. But if your account does call for RMDs, you do need to take them, because if you don't, you could face

tax penalties. Previously, this penalty was 50 percent of the amount you were supposed to have taken, but SECURE 2.0 reduced it to 25 percent.

When you take your RMDs, you need to be aware of a key issue: taxes. RMDs are taxed as ordinary income, and, as such, they could potentially bump you into a higher tax bracket and possibly even increase your Medicare premiums, which are determined by your modified adjusted gross income. Are there any ways you could possibly reduce an RMD-related tax hike?

You might have some options. Here are two to consider:

- **Convert tax-deferred accounts to Roth IRA.** You could convert some, or maybe all, of your tax-deferred retirement accounts to a Roth IRA. By doing so, you could lower your RMDs in the future — while adding funds to an account you're never required to touch. So, if you don't really need all the money to live on, you could include the remainder of the Roth IRA in your estate plans, providing an initially tax-free inheritance to your loved ones. However,

converting a tax-deferred account to a Roth IRA will generate taxes in the year of conversion, so you'd need the money available to pay this tax bill.

- **Donate RMDs to charity.** In what's known as a qualified charitable distribution, you can move up to \$100,000 of your RMDs directly from a traditional IRA to a qualified charity, avoiding the taxes that might otherwise result if you took the RMDs yourself. After 2023, the \$100,000 limit will be indexed to inflation.

Of course, before you start either a Roth IRA conversion or a qualified charitable distribution, you will need to consult with your tax advisor, as both these moves have issues you must consider and may not be appropriate for your situation.

But it's always a good idea to know as much as you can about the various aspects of RMDs — they could play a big part in your retirement income strategy.

TODAY'S BIBLE READING

THE DEATH OF ABRAHAM

Abraham had taken another wife, whose name was Keturah. She bore him Zimran, Jokshan, Medan, Midian, Ishbak and Shuah. Jokshan was the father of Sheba and Dedan; the descendants of Dedan were the Ashurites, the Letushites and the Leummites. The sons of Midian were Ephah, Ephraim, Hanok, Abida and Eldaah. All these were descendants of Keturah.

Abraham left everything he owned to Isaac. But while he was still living, he gave gifts to the sons of his concubines and sent them away from his son Isaac to the land of the east.

Kristina Kay Kennedy

May 19, 1953 – November 2, 2023

Kristina Kay Kennedy passed away on Thursday, November 2, 2023. Kay was born on May 19, 1953, in Noblesville, the daughter of Ernest and Evelyn Kennedy.

Kay grew up in Hamilton County, where her father and mother were the owners of Anderson Hatchery in downtown Noblesville. She grew up as the youngest of five children, where she was blessed to have the love and support of her four older sisters. She married Kevin Mannix in 1984, and together they raised two children. They have lived in Noblesville close to four decades where many friendships were made over the years. Kay enjoyed spending her time with family, friends, and was very involved in their church community.

Her devotion to her Lord and Savior was of the utmost importance. Her life was a living testimony of the love of Jesus Christ, and she wanted to share this love with everyone. It was evident for all to see that Kay would always put others first. She touched the hearts of so many by living a selfless life full of overwhelming generosity, kindness, and joy. She will be remembered for her heart that was always overflowing with love and for her cheerful smile. Kay made the lives of others better by giving of herself without hesitation by listening, caring, and expressing the love of Christ through her actions.

A celebration of Kay's life will be planned by her family in the months to come.

Fall Creek & Geist Road

During the week of Nov. 6, there will be lane restrictions from 9 a.m. to 3 p.m. just east of the intersection of Fall Creek and Geist Road to allow for manhole grade adjustments. Lane restrictions will also be in place on Geist Road between Governors Lane and Windjammer Trace on Geist Road.

The intersection of 106th Street and Hoosier Road is closed for the construction of a roundabout. Access into and out of Windermere subdivision will be on Geist Road via Governors Lane. Detour route can be found [here](#). For additional project information, view the Capital Project Dashboard [here](#).

Due to utility conflicts and drainage revisions, the city worked with the consultant on record on updating the plans to this intersection. The contractor had to pause work while we work through the design changes and revisions. Currently we are back up and running on construction and the contractor is working as hard as possible to get the round-

about constructed and open to traffic. The 60 days of closure had to be extended to afford the contractor time to finish the work before the weather changes. The schedule for reopening the intersection is currently being refined with the contractor but they have assured us that this intersection will be opened before the end of the year with some cleanup work extending into next spring. The city apologizes for the inconvenience during navigation of these items with the utilities, Hamilton County Surveyor's Office, the contractor, and the consultant.

Royals defend sectional title, set to play Westfield in regional

FISHERS — Donovan Rhodes gave his Hamilton Southeastern football team a little insurance on Friday night.

The Royals were leading Fishers 31-21 in the fourth quarter of the Class 6A Sectional 3 championship game. The Tigers had the ball just yards away from the end zone, but on third-and-2, Rhodes made an interception.

Rhodes would get another pick minutes later, and that set up another Southeastern touchdown. A few minutes after that, the Royals were celebrating a defense of their sectional title with a 38-21 win over the Tigers.

"It's always a great feeling," said Southeastern senior Jalen Alexander. "Ever since I came here and transferred here my sophomore year, I've always thought we had something brewing up in the culture of HSE."

Alexander said he was glad "the state and the city" were getting a chance to see the game, and quite a few people from the city of Fishers were on hand to watch the hard-fought contest. It seemed like it would be a high-scoring game at first when the teams traded touchdowns during the first three minutes of the game.

Royals quarterback Chandler Weston dashed off on a 52-yard run to put the first points on the board. The Tigers responded seconds later when quarterback Bennett Gorak connected with Joe Syrus for what turned into a 70-yard touchdown pass.

Not to be outdone, Donovan Hamilton caught a touchdown pass of his own midway

through the first quarter. That one was a four-yard reception from Weston. That would be the last score of the period, and the Royals led 14-7.

Fishers' Khobie Martin tied the game again when he made a three-yard trip into the end zone. The score would stay 14-14 until just before halftime: Southeastern's Hugo Belmonte kicked a 33-yard field goal and the Royals led 17-14 at the break.

"We told them at the start of the week, it's going to be up to the line of scrimmage. That's going to tell the game," said HSE coach Michael Kelly. "And we knew it was going to be a challenge. They have a great defensive line."

"Our offensive line did a

great job and then our defensive line as well did a great job," said Kelly.

The second half of the game belonged to Alexander, as he rushed in three touchdowns. Al-

exander's first score came midway through the third period on a 27-yard breakaway to put the Royals up 24-14.

Championship 4 in Phoenix

NASCAR Championship weekend heads to Phoenix this week with four championship races: The Arca Menards Series West, Craftsman Truck Series, Xfinity Series, and Cup Series.

The Craftsman Truck Series will have been decided by the time this column is published. My favorite for that race is Carson Hocevar. On Saturday evening, Xfinity Series will begin at 7 p.m. Although Justin Allgaier got in with a walk-off win at Martinsville and has historically run very well at Phoenix, I believe John Hunter Nemechek of Joe Gibbs Racing will prevail. He has been the class of the field the entire year. He was denied the champion in the Truck Series last year. I expect him to win the race and the championship.

The Cup Series runs on Sunday at 3 p.m. The four drivers running for the title are Kyle Larson, Ryan Blaney, Christopher Bell, and William Byron. Larson, Blaney, and Bell locked in by winning races in the Round of 8.

Blaney is coming off a dominant performance last week at Martinsville and is arguably the driver with the most momentum entering Phoenix. Moreover, he has finished in the runner-up position at the last two Phoenix races. Just a few weeks ago Blaney was a long shot to even make it to the Championship 4. He is now in a strong position to take the title.

My favorite, however, is Kyle Larson. Larson is a former champion and has been in this position before — in 2021. More important, by locking into the Championship 4 at Las Vegas Motor Speedway, he and his team have had three weeks to prepare for Phoenix. Given how close these NextGen cars are and the difficulty in finding a competitive advantage, three weeks is an eternity. We saw the advantage the winner of Las Vegas had the last two seasons with Larson and Logano capturing a championship. Kyle Larson was strong at Phoenix in the spring, winning the pole and Stage 2. If he can improve on his finishing position from the spring by three spots, he will be the champion.

WISH-TV veteran Anthony Calhoun earns IHSAA's Distinguished Media Service Award

The REPORTER

Hamilton Southeastern got a chance to be part of a special honor for one of Indiana's biggest supporters of high school sports Friday.

Anthony Calhoun, the sports director at WISH-TV, received the IHSAA's Distinguished Media Service Award for District 2 during halftime of the Royals' sectional championship football game with Fishers.

The Distinguished Media Service Award recognizes outstanding members of the Indiana news media from each of its three legislative districts for excellence in the coverage of high school sports. District 2 covers 28 counties across northern and central Indiana.

"Being from the state of Indiana, I know just how important the role of high school sports plays in our communities," Calhoun told the Reporter at the game. "And they called me a couple of months ago about this opportunity to present me this award. It was really humbling because I grew up here playing high school athletics and I know what the IHSAA meant to me and my family, and to receive this recognition is really special."

A.C., as he is affectionately known to many, is the longtime sports director and main anchor at WISH-TV and has covered Indiana high school sports for

25 years.

Besides his daily reporting and anchoring, Calhoun hosts several highly rated shows including *SportsLocker*, seen every Sunday night on WISH-TV. During football season, you can also catch him on Countdown to Kickoff, the Colts pre-game show on Sunday mornings.

A.C. anchors *The Zone*, a weekly high school football and basketball highlight show on Friday nights. He also hosts *The Zone Extra* on Thursday nights which is believed to be the only weekly 30-minute show on television dedicated solely to Indiana high school sports.

Calhoun also originated *The Zone Banner* "spirit award" that recognizes

the Best Student Section in Central Indiana during the football season. This coveted spirit award has helped generate passion and fervor among high school students on Friday nights for many years.

Calhoun was presented the award by IHSAA Commissioner Paul Neidig, Sports Information Director

Jason Wille and Assistant Commissioner Janie Ulmer, who was the principal at Southeastern prior to joining the IHSAA.

After the presentation, a few HSE students presented Calhoun with a congratulatory banner and a cake, and he happily took a picture with those Royals.

"We have places that we

enjoy going to, and there's no doubt going to HSE or going to Fishers is always a treat every Friday night," said Calhoun. "And whenever these two schools get together, we know it's always going to be a great battle on the football field, but also among the student sections as well, because they support those student-athletes

and these football teams better than most schools in the state of Indiana. That's how special these student sections are and just the whole community. And you look around with 10,000 folks here during the regular season, and here they are in the post-season coming out to support their teams. There's nothing like it here."

Westfield’s second-half momentum overcomes Noblesville, Rocks take sectional championship

By CRAIG ADKINS
For The Reporter

NOBLESVILLE – Fall weather officially set in for Friday night’s sectional championship. That served up quite the atmosphere for the Shamrocks and Millers to battle it out for the Sectional 4 championship.

After a chess match in the first half kept the scoring to a minimum, Westfield found their ways to victory for a 24-12 sectional championship, its fourth in a row.

Trading field goals in the first half, eventually one of the two teams would find a way to crack the other.

The Millers got on the board first, using up just over half of the first quarter and grabbing an early 3-0 lead with 5:28 in the quarter on a 26-yard Jack Letourneau field goal.

Westfield tied it 3-3 on its ensuing possession with Brody Boehm sailing a 27-yard field goal through the uprights.

A couple series later, Letourneau matched Boehm’s previous and drilled a line-drive 27-yarder himself that gave Noblesville a 6-3 edge with just two seconds left in the half for a low-scoring, three-point halftime advantage.

“I wasn’t real surprised. There were five total possessions. That’s what happens when you play them. They got three and we got two. We had penalties that stopped us on one of ours and we got a field goal on the other,” Westfield head coach Jake Gilbert said.

“We stopped them one out of three and held them to field goals on the other. So, I honestly thought it was a decent first half. We did some good stuff. The penalties are what cost us,” Gilbert continued.

Each punted on their first drives of the second half and then Shamrock kicker Brody Boehm pushed a 28-yard field goal attempt wide left.

The Millers’ next series were forced to punt. The snap was off and at the feet of Letourneau and he had to scramble to his left. The senior punter was taken down deep at his own eight, putting Westfield in a prime spot.

“That was a great game. We had the bad breaks in the third quarter, but we did we ever respond and had a legitimate chance to win the game. Being down 11 and coming right back. We had a chance to win it with five minutes to go and we couldn’t convert,” said Noblesville head coach Dave Sharpe on his team’s resilience.

er, tailback Kendall Garnett ran in the game’s first touchdown from two-yards away, putting the ‘Rocks in front 10-6.

On the kickoff, Miller kick returner Blake Widget fumbled the ball deep and it was recovered by Westfield. Then, with 12 seconds left in the third, Garnett would score again on a one-yard drive. In just two short minutes, two scores later the Shamrocks were now leading 17-6.

“Clearly, special teams were the difference. They had two special teams turnovers, but then we also got a hand on that punt in the first half. And realistically, we scored on a fake field goal,” stated Gilbert on Westfield taking advantage of Noblesville’s special teams miscues.

Early in the fourth, the Millers put together a solid drive, ending with a one-yard touchdown run from Gage Gulley, cutting it back to a 17-12 deficit.

“It’s the resiliency of this group. We always fight back. We were down in many games and we always fought back and that’s how this senior group will stay in my heart forever. It’s going to be very sad to replace these seniors. They’re a great group,” Sharpe stated about his seniors and their impact on the program.

Westfield would pooch punt off of the foot of quarterback Jackson Gilbert, but after Noblesville quarterback Jacob Baker threw an interception, the ‘Rocks were back in business and in control with the clock on their side.

Key plays would get Westfield in position to put the game out of reach. Maximus Nosler had an 11-yard run with 3:45 left. Parker Knott converted

a big second and six at the Miller 11 for 10 yards down to the one.

The Millers stood tall on defense for a couple plays, forcing a field goal attempt from Boehm again. With Jackson Gilbert as the holder, Westfield pulled out a trick play. Gilbert took the snap and pitched the ball to his left and Boehm ran in the fake field goal for a two-yard touchdown for what turned out to be the final score of 24-12.

“It worked. I had just decided yesterday. It was great for our special teams, which we are generally pretty strong in that area and we were excellent tonight,” stated Gilbert on the Shamrocks’ special teams play.

The Millers played well enough on both sides of the ball, but it came down to special teams play that helped the ‘Rocks prevail in the end.

“We did enough to beat a great team, but unfortunately we had a couple bad breaks,” continued Sharpe on his team’s play.

Noblesville ends its season at 4-7 and says goodbye to a great senior class that leaves its mark in many ways. The Millers won a sectional football game two seasons in a row for the first time since 2001.

They also were able to celebrate Logan Shoffner breaking Paul Height’s all-time rushing record, which stood since 1983 and kept adding to it all season long. Shoffner leaves his Miller career with 4,177 yards

rushing on 540 attempts for an astounding 7.7 yards per carry, scoring 27 touchdowns. He also caught 41 passes for 562 yards.

“There might be some debate, but I think Logan Shoffner is the best Miller of all-time. He’s one of my favorite kids and definitely the best overall football player that I’ve coached,” Sharpe said, praising Shoffner.

“With his work ethic, his size, brain. For him to show a whole town what can be accomplished when you put your heart and soul into something, I hope it has a long-lasting effect on our community. The same with Gage Gulley,” Sharpe continued on both Shoffner and Gulley.

Gulley is another one of those hard-nosed, gritty players that did what it took for the good of the team.

“The same with Gage Gulley. What an absolute warrior, tremendous football player,” said a grateful Sharpe.

“Those two guys, they were our identity and it’s a special duo,” Sharpe stated on how special Shoffner and Gulley have been as back-field mates.

Westfield (10-1) advances on to the regional championship next Friday and will host Hamilton Southeastern (9-2).

Shoffner led the Millers with 30 carries and 123 yards in his final game. Kendall Garnett had 141 yards

on 23 attempts and two touchdowns to lead Westfield.

“Kendall’s coming along. I think the o-line is gelling and all of that’s been really good,” Gilbert stated.

I just want to point out how proud I am of our seniors. We’re 10-1. We’ve won four sectionals in a row and eight sectionals in 11 years. There are only six teams that can say that,” continued Gilbert.

“These seniors have never lost to our neighbors Carmel, Zionsville and Noblesville. These guys were in kindergarten when we came here (13 years ago) and they bought into what we were selling,” said an elated Jake Gilbert.

ROYALS

But the Tigers stayed close. Gorak launched another long touchdown pass, this one to JonAnthony Hall for 29 yards. Jonathan Tangara made extra-point kicks after all three touchdowns, and Fishers was within 24-21.

“Our kids kept battling the whole night,” said Tigers coach Curt Funk. “They made big plays. When they needed a takeaway, they got a takeaway at crucial times of the game, and we just unfortunately just weren’t able to convert some of our drives and fell up short.”

Alexander began the fourth quarter with a five-yard touchdown run, and the Royals were up 31-21. The Tigers began a long drive and got to a first-and-goal situation at the one-yard line.

Southeastern pushed Fishers back to the two by third down, and that’s when Rhodes made his first interception, returning it to the Royals’ 35-yard line. The Tigers held HSE to a three-and-out to get the ball back, but Rhodes intercepted the ball again.

“I feel like we needed a little bit more energy, and it just put the game away,” said Rhodes.

The Royals were soon marching down the field, and Alexander finished the job with a one-yard touchdown run.

“His work ethic, his attention to detail in practice, the amount of effort he puts in, it’s so well-deserving,” said Alexander of Rhodes. Alexander said he was glad to see all of Rhodes’ preparation translate into success in a game.

“I think every college coach should be jumping on him,” said Alexander. “He’s a great prospect.”

Alexander is great himself and will be giving Ball State football fans something to cheer about when he heads to Muncie next year. He finished with 137 yards, including his three touchdowns. Weston totaled 103 yards on the ground. In addition to his field goal, Belmonte kicked all five extra points. Mason Wright had seven total tackles, followed by six for Jack Seyferth and Judah Parker, and five for Rhodes and Michael Hoog.

As for the Tigers, the Indiana University-bound Martin finished with 129 yards, while Gorak went 8-for-11, totaling 197 yards.

PHOENIX

Bell, like Larson, had multiple weeks to prepare for Phoenix, winning at Homestead-Miami Speedway two weeks ago. I have serious concerns with the troubles on pit road. Bell was hampered by pit road woes in last year’s championship race and his troubles continued throughout this year. There has been marked improvement over the last

couple weeks, which should be encouraging to Bell chances. Bell has serious speed, especially in qualifying. Can his pit crew back him up?

Byron won the spring race in Phoenix, although it was on the back of a late pit call that got him to the front on older tires. His pit crew is exceptional and if he is near the front under

a late race caution, his pit crew demonstrated they can gain him positions on pit road. Bryon has been mediocre over the last couple weeks so I believe pit strategy will need to be a factor in getting Bryon to the front.

Overall, it has been a great NASCAR season. NASCAR has continued to make progress on the prob-

lems of the NextGen car and the racing on the intermediate tracks continued to be great. I am going to be rooting for Christopher Bell but believe that Larson will dominate enroute to his second NASCAR Cup Series Championship.

Huskies’ bid at perfection ends in sectional final

By **RICHARD TORRES**
For The Reporter

ARCADIA – Two words were echoed as the Class 3A fifth-ranked Hamilton Heights Huskies broke their final huddle to head to the locker room Friday night, and coach Jon Kirschner used them both repeatedly.

The first was pride. The second didn’t trail far behind.

“They had fun. They had a blast. They loved football. I know it’s always fun when you’re winning, but it was that way last year, too, for these seniors. They were that way as sophomores. It’s been a mentality with them to have fun,” Kirschner said. “That’s why we are where we are, and they’ve trusted the process.”

Where the Huskies (11-1) finished the 2023 season was in the sectional title game against defending 3A state champion Bishop Chatard, a destination Hamilton Heights hadn’t reached since 2014.

A prolific 11-0 entering the sectional final, the Huskies posted their longest winning streak since the 2012 team won 13 straight. Their 11-0 run marked the best start without a loss since the 2010 program went 12-0 before losing to Chatard in the regional final.

History, it seemed, would repeat despite a stout defensive effort by the Huskies, as top-ranked Bishop Chatard advanced, 28-8, to secure its second consecutive sectional title and 31st overall.

While the host Huskies’ bid at perfection closed along with their pursuit of the program’s first sectional championship since 2012, coach Kirschner’s showed their grit.

“I’m beyond proud. This group has stuck together, these 19 seniors. They followed the process for four years to be able to put themselves in position to win tonight,” Kirschner said.

In the first quarter, the Huskies won the battle initially, forcing the Trojans (12-0) to punt on their first possession to open the game.

Hamilton Heights’ defense, which ranked ninth in the state with 10.08 points allowed per game, forced a turnover on downs on Bishop Chatard’s ensuing possession on fourth-and-10 from the Huskies’ 23-yard line.

However, the Trojans regrouped and scored twice before halftime and twice more in the third quarter to take a commanding 28-0 lead before the Huskies could respond offensively.

“We executed our defensive game plan. We were able to do some things that would dictate where we wanted them to be offensively to play into our hands. Their defense is very good. They’re a talented football team, so offensively, we just couldn’t get much

Hamilton Heights quarterback Bodie Derrer rushes in a fourth-quarter touchdown for the Huskies during their Friday sectional game with Bishop Chatard.

going,” Kirschner said. “But defensively for a while, we hung with them.”

The Trojans rushed for 228 yards on 42 carries and three touchdowns, including a pair by Daniel Shaw. Daniel Adams added the third rushing score, while quarterback Aidan Arteaga completed 11 of 26 passes for 156 yards and a touchdown.

Arteaga’s touchdown screen pass to running back Riley Kinnett gave Chatard a 7-0 lead late in the first quarter and kicked off the Trojans’ wave of 28-unanswered points. Arteaga completed 11 of 26 passes for 156 yards to nine different targets.

The Huskies defense stymied the Trojans’ offense into three punts and six turnovers on downs, but in response Chatard’s seventh-ranked defensive unit (8.75 ppg allowed) forced seven punts and four turnovers.

Hamilton Heights turned the ball over on fourth-and-1 during their first offensive series at Chatard’s 26. A forced fumble and sack by Chatard’s Matthew Woods on a first-and-10 at the Huskies’ 43 halted Hamilton Heights fifth drive.

Two second-half interceptions off of senior quarterback Bodie Derrer didn’t lead to Chatard points, but it kept the Huskies from generating any momentum until the final 7 minutes of the fourth quarter.

Hamilton Heights was averaging 32.2 points scored per game. Against Chatard, the Huskies’ running game netted negative yardage and Derrer was capped at 121 yards on 14 of 33 completions.

Derrer broke the Trojans’ shutout attempt in the fourth quarter with a chuck yardage completion for 37 yards to Cam Fleming on first down to open their scoring drive from Chatard’s 40.

rushed into the end zone for a 3-yard touchdown, and Eric Balcom converted a two-point run with 6:11 remaining.

Prior to the score, the Trojans tried to initiate a mercy-rule running clock, but they failed three consecutive possessions, including two turnovers on downs in Hamilton Heights’ red zone.

“Obviously, it didn’t turn out the way we wanted, but we fought to the bitter end. I am very proud of how we stayed fighting,” Kirschner said. “Some teams might have rolled over, and they won’t. That’s not who they are, and that showed.”

The Huskies were playing shorthanded with leading wide receiver junior Tyler Champion (645 yards, seven TDs), senior defensive back Eli Millsaps, junior defensive end Michael Cain and senior defensive lineman Kendall Flanders out.

The finale, however, does nothing to tarnish the strides taken by the Huskies, which were 8-3 last season, 6-4 in 2021 and posted no more than nine wins since 2014 until now.

“I could go down the list. Five consecutive games with shutouts, a school record. Tied the school record for most shutouts in a season. First time we’ve been in a sec-

tional championship in nine years,” Kirschner said. “We hadn’t scored a special team’s touchdown in six or seven years, and we scored five this year. It was this group.

“In a nutshell, I couldn’t be happier for what we’ve done. They put us on the map.”

Blackhawks get 21st sectional title on the road, now ready for regionals

The REPORTER

Sheridan made a nice second-half comeback at Monroe Central on Friday.

As a result, the Blackhawks are sectional champions again.

Sheridan overcame a 14-0 halftime deficit to get past the Golden Bears 27-22 in the final of Class 1A Sectional 45. It’s the second consecutive sectional title for ‘Hawks, as well as the 21st in program history.

“We decided to play,” said Sheridan coach Bud Wright. The coach said his team was “in a daze” during the first half, but in the second half, “we came out ready to play and took it to them.”

Eli Kolb helped Sheridan back even with Monroe Central. He scored two third-quarter touchdowns, running the first one in from nine yards, and the second in from 10 yards with a minute and a half to go in the period. Owen

Bell made both extra-point kicks.

At the start of the fourth quarter, the Golden Bears got the ball back at their own one-yard line. But on the first play of the drive, Monroe Central and Trent DeCraene recovered the ball in the end zone. With that, Sheridan was in the lead, and Bell’s kick made the score 21-14.

The Golden Bears went back ahead on a 30-yard touchdown pass, then ran in a two-point conversion for a 22-21 lead. But Sheridan made a resolute final drive to take back the lead. Zach Bales finished it off with a one-yard touchdown run. The Blackhawks’ defense then stopped Monroe Central in its final drive.

Kolb finished the game with 141 yards rushing, while Bales totaled 117 yards.

Sheridan is 9-3 for the season and hosts North Decatur next Friday for the regional championship.

Pete Schwartz

Republican for Noblesville City Council, At Large

As a lifelong resident of Noblesville, it gives me great pleasure to serve the citizens of Noblesville on the Common Council. Due to district realignment, I have decided to run for the at-large position.

The last few years serving on council has taught me that Noblesville residents are just as passionate as I am.

When I ran my first campaign, I pledged to address traffic issues, support public safety, and be transparent to the public by being accessible to constituents. I couldn’t be more enthusiastic about keeping my promises to Noblesville residents, seeing through the Pleasant Street project, and other strategic infrastructure investments.

Currently, I am the liaison for the parks board. I am also on the public safety committee. I was recently chosen to be on the Noblesville Arts Council.

My wife Amber and two children Conner and Emmalee couldn’t be happier to call Noblesville home and look forward to an exciting future.

Victor McCarty

Republican for Westfield City Council, District 2

I’m just a kid from the trailer park that wants to serve the community I love. As a lifelong Shamrock, my love for Westfield started when I was mascot at WHS. At that time, I had lost 100 pounds and didn’t know where I was going. By being mascot, I was out in the community interacting with businesses and our residents. It gave me a sense of purpose. Simultaneously, Westfield became a city. Since then, I have had a deep passion for our community and every step I have taken has been to ensure that I am prepared to be a positive leader for Westfield. Through my experiences, I have learned that if we RISE together anything is possible. By building positive Relationships, investing in our aging Infrastructure, supporting our public Safety teams, and providing Engagement opportunities, we can create a welcoming community for all to live, work, and visit.

Jocelyn Vare

Democrat for Fishers City Council, At Large

Jocelyn Vare is an at-large member of Fishers City Council and is the first Democrat ever elected to Fishers municipal office. Citizens know that a long-standing supermajority (of any party) is unhealthy. Balanced government serves citizens best. Councilor Vare delivers balance, accountability, fiscal responsibility, checks and balances and government transparency in Fishers.

In 2022, Councilor Vare ran for Indiana State Senate and earned 16,000 votes from Fishers residents. She is a 22-year resident of Fishers, the mom of two HSE Schools graduates, a local small business owner, a volunteer and a champion for the community she loves. Councilor Vare is a member of the Fishers Finance Committee and Fishers Arts + Culture Commission. She served as a committee chair for the successful HSE Schools referendum in 2016. She is a graduate of Fishers City Government Academy, Hamilton County Leadership Academy, Ball State's Economic Development Course and Community Development Course. In 2021, Councilor Vare was recognized as an Impact Award nominee, one of 30 alumni designated in the Hamilton County Leadership Academy's 30-year history. "I am eager to continue to serve the Fishers community on the City Council and fight to provide the good local government that all taxpayers deserve."
